BOSTON WINS THE FIRST GAME OF THE GREAT WORLD'S SERIES

GREAT CROWD SAW GIANTS LOSE GAME

Polo Grounds, N. Y., Oct. 8.—Joe Wood added great glory to his already famous name when he twirled the Boston Red Sox to victory over the Giants today, his most wonderful performance being in the ninth inning when he fanned the last two Giants with two sacks occupied, winning for the Sox by a 4-to-3 score. He refused to crumble after three Consecutive singles had brought the Giants within one run of a tie.

Tesreau was knocked out of the box in the seventh after having twirled a brilliant game and old "Doc" Crandall took his place.

Polo Grounds, New York, Oct. 8.—Championship weather, a brand that was made to order was on the program this afternoon, when Umpire Klem called out "play ball" and set New York's mighty Giants and Boston's brilliant Red Sox off on the journey that will decide the baseball honors for the year 1912.

It was a champion affair from every standpoint, the weather, the players, the crowd, the peanut boys, and even the bad boys of the opposing team had caught the spirit of the day.

Twenty-two hours of waiting for the fireworks had not taken one bit of the edge from the enthusiasm of those who had camped outside the grounds during the night.

For hours before the bleachers had been packed so densely as to have made a sardine uncomfortable. But there was no complaining, no disorder and little confusion.

When the Giants trotted on the field at 12:48, they were greeted with an old time bleacherite cheer.

When the Red Sox made their appearance five minutes later, they were given a reception scarcely second to that accorded the Giants themselves.

The first ceremony of the afternoon was the presentation to Captain Larry Doyle, of the Giants, of the motor car awarded him on the strength of his being voted the most valuable member of the Giant aggregation. Doyle accepted the car, climbed in the driver's seat, smiled his prettiest, and with the remainder of the crew clustered about him posed for the photographers, who were taking snap shots of the game.

Then McGraw and Stahl were lined up by the snap shooters and photographed in the act of shaking hands, just as though they really meant it. Shortly after one o'clock, 5,000 Boston rooters armed with brilliant banners and headed by a brass band, took their stand back of the third base line.

In the preliminary practice the work of the Giants was decidedly slipshod. McGraw was little in evidence and there was every indication that there was method in the wearing of the old uniforms.

It is was McGraw's intention to get entirely out of the minds of his players, the fact that they were after another blue ribbon, his tactics were obviously successful.

In striking contrast the Sox were as gingery and kittenish as a bunch of college players in a conference championship.

The crowd appeared to appreciate the "pep" displayed by the visitors, and the attitude towards the home team showed a Missouri tinge.

At 1:40 it was announced in the press stand that Matty and Meyers and Wood and Cady would be the batteries. Before the game started Tesreau was substituted for Matty. The selection of Wood by Manager Stahl caused McGraw to play Devore in left field with Snodgrass in center.

At 1:53 Mayor Guynor and Mayor Fitzgerald, of Boston, in most decorous top hats were escorted on the field by a squad of police.

The allotment of umpires placed Klem of the National League, behind the bat, and Evans, of the American, on the base lines. O'Loughlin, of the American, was on the left foul line, and Rigler, of the National, on the right foul line.

The Giants took the field at 2:03 o'clock.

First Inning.

Boston—Tesreau gave two balls before he got one over, and Hooper finally walked. Yerkes tried a hit and run, but Doyle threw him out at first, Hooper being stopped at second. Speaker drove an easy one to Doyle and was out at first, Hooper reaching third. Lewis flied to deep center and was out by Snodgrass. No runs, no hits, no errors.

New York—Wood followed Tesreau's example by giving Devore two bad ones. Devore then fanned. Doyle tapped the first one served him, but was put out, Wagner to Stahl. Snodgrass bounded one over Wood's head for the first single of the game. Red Murray was given a pass. Merkle was the next up, but the

LA FOLLETTE RUMOR WAS DENIED

(By United Press.)

Chicago, Oct. 8—That Senator Robert La Follette of Wisconsin has declared himself for Woodrow Wilson and will take an active part in the campaign is a statement issued today by the Wilson Progressive Republican Committee here. A list of other prominent Republicans who are said to have turned down both Taft and Roosevelt and will support Wilson will be announced later.

(By United Press.)

Milwaukee, Wis., Oct. 8—A. T. Rogers, Senator La Follette's law partner and Republican national committeeman from Wisconsin, when shown the Chicago statement that La Follette was going to support Gov. Wilson, said:

"Any statement that Senator La Follette has declared for Wilson is absolutely false."

May Secure Skating Rink

George McMahon, who is heading a movement to give the people indoor baseball this winter, hopes to secure the skating rink at the corner of Ninth and Chillicothe streets. The question will be definitely decided at the return of Alf Ray, who is now out of the city.

GRAVES RULING FINAL SAYS SUPREME COURT, BULL MOOSERS BARRED

(By United Press.)

Columbus, O., Oct. 8.— Ohio Bull Moosers were finally barred today from placing the names of Republican and Democratic candidates upon their ticket.

The Supreme court of Ohio held that it had no jurisdiction to review the action of Secretary of State Graves, who last week held that candidates' names could not appear in two columns on the ballot.

State Chairman Walter Brown, of the Bull Moosers, had, through his counsel, applied to the Supreme court for a writ of mandamus to compel the Franklin county board of elections to place on the Progressive ticket the names of certain Democratic and Republican candidates whom the Progressives had indorsed. The Supreme court held that Secretary Graves, under the wording of the statute, had final jurisdiction and that his ruling was not reviewable by the court.

The ruling of Graves that the name of a candidate can only appear once on the same ticket will mean that many Progressive tickets will have vacant places, as last Saturday was the last day in which to file petitions.

Judge William T. Spear did not participate in the decision of the court as he is a candidate for re-election.

ATTORNEY IS THREATENED WITH DEATH

(By Associated Press.)

New York, Oct. 8.—An anonymous letter threatening death was delivered to John F. McIntyre, chief counsel for former Police Lieutenant Charles Becker, while the work of selecting the jury which is to try Becker for the murder of Herman Rosenthal was in progress in court this morning.

The writer charged the attorney with "putting up the murder of Jack Seliz" and added that if Becker is acquitted, "you shall die."

Four additional jurors have been selected today.

Miss Ruth Magruder is reported quite ill at her home on Eleventh street.

STRIKING MINERS EVICTED

(By Associated Press.)

Charleston, W. Va., Oct. 8—Distressing scenes were enacted along Cabin Creek today when deputy sheriffs evicted the families of many of the miners from their homes. They had been occupied in some instances since the mines were opened. The striking miners were notified some time ago that they must return to work or vacate their homes. Last night several of Company E First West Virginia infantry were arrested and today were taken to military headquarters at Paint Creek Junction in order that Adjutant General Elliott might investigate the charge that the men had been drinking.

Assassin On Trial

(By Associated Press.)

Rome, Italy, Oct. 8.—The trial of Antonio Dalba on the charge of attempting to assassinate King Victor Emanual, March 14th, began today. Dalba has thrice attempted suicide in prison.

MONTENEGRO DECLARES WAR AGAINST TURKEY, FIGHTING HAS BEGUN

(By Associated Press.)

Cettinje, Montenegro, Oct. 8.—Montenegro declared war on Turkey this morning and heavy fighting is already in progress along the frontiers.

(By United Press.)

London, Eng., Oct. 8.—Montenegro declared war against Turkey today, according to a dispatch from Cettinje, the Montenegran capital, to Reuter's News agency.

Heavy fighting was reported on the Turko-Montenegro frontiers. Montenegro's reported declaration of war against Turkey is especially serious because it will now be impossible for the powers to prevent Bulgaria, Servia and Greece from doing likewise. Montenegro alone would hardly be more than an annoyance to Turkey. It has a population of about 250,000.

(By United Press.)

London, Eng., Oct. 8.—The Montenegran consul general here this afternoon confirmed the news of his country's declaration of war against Turkey.

(By Associated Press.)

London, Eng., Oct. 8.—The declaration of war on Turkey reported from Cettinje, to have been made by the little kingdom of Montenegro, forestalled action planned by the European powers in favor of peace only a few hours before.

The ministers at Constantinople and the capitals of Bulgaria, Servia, Greece and Montenegro have instructions to make representation on behalf of their governments this morning, and a dispatch from Belgrade affirms that their program has been carried out there.

It is feared in diplomatic circles that the action of Montenegro has precipitated the fighting reported to have taken place between the Turkish and Montenegran troops on the frontier and will tend to frustrate the efforts of diplomacy. Possibly other Balkan states may decide to follow Montenegro and throw armies into Turkey. The unrest in Albania and Macedonia and the demand of the Balkan states that the provinces be granted autonomous government are the main causes of the crisis.

Dispatches from Constantinople received here today say that the military patrols are going around the city requisitioning all horses. The military authorities have placed troops on board Greek vessels which they have seized in Turkish waters and it is understood that these are to be used for the transportation of troops.

(By Associated Press.)

London, Eng., Oct. 8—The outbreak of war in the Balkans caused no surprise in London. The official world here now awaits the announcement that Bulgaria, Servia and Greece also have broken off diplomatic relations with Turkey. Experts declare that should a general state of war be declared no important engagement can be expected before Oct. 15 and perhaps a week from that date.

MANY DIE IN EXPLOSION

(By United Press.)

Tampico, Mexico, Oct. 8—A powder explosion here resulted in the death of 30 persons last night. A warehouse in which the powder was stored and several adjoining buildings were blown up.

BANDITS HOLD UP TRAIN

(By United Press.)

Cleveland, O., Oct. 8.—Five masked bandits, after stopping a fast Lake Shore freight train in the western part of Cleveland early today and holding up the brakeman, engaged in a 15-minute revolver battle with railroad detectives and the crew. The bandits escaped, one of them being wounded.

BROTHERS MURDERED

(By United Press.)

North Vernon, Ind., Oct. 8—Chas. McQuaide, 71, and his brother, John 58, were murdered early today at their home, twelve miles southwest of here by a stranger, who called them to the door and struck them over the head with a heavy club. The brothers were believed to have had considerable money hidden in their house and robbery is thought to have been the cause of the crime.

APPLER CASE ADVANCED

Columbus, O., Oct. 8.—(Spl.)—The Supreme court today advanced the case of Mary B. Appler against the Portsmouth Street Railway company. BLAKE.

I heard from Herb last night. Didn't mind it at all that he took a "slam" at me about my West Side friend wastin' tobacco on a fake weather man for I was so pleased t' even hear from Herb. I thought from his long silence that we'd done with Herb's yawps an' I'm simply overjoyed that it ain't so. My weather for today don't just agree with Herb's but of course that don't matter. Herb's really no prophet no how. Here goes:

Ohio—Unsettled. Local rains tonight or Wednesday. Warmer Wednesday.

Kentucky — Unsettled. Local showers tonight or Wednesday. Warmer tonight. Warmer Wednesday in East portion.

Had His Coffin Ready, Made All Preparations

Strictest simplicity, in accordance with his last request, will mark the burial of Isaac Horner, aged 88 years, a Lewis county farmer, who died at the home of his son, George Horner, of No. 513 Third street, early Tuesday morning.

Horner had made all preparations for his burial some weeks ago, and his body will rest in a simple poplar casket which his brother-in-law, George Kitchen, has been constructing for him for the past month.

"If I die early in the morning," said Horner, in discussing his approaching end, 'send one of the boys down after the coffin on the first train (meaning the C. & O. accommodation), bring it back on the second train and take me down to Nigger Hill on the third train." He wanted no ceremonies held, but if any of the relatives had anything to say for them to give expression to it at the grave. In his quaint old way Horner declared that he did not believe it "right" for a preacher to preach a sermon about a man after he was once dead and gone. He had formed this opinion at the time a funeral sermon was preached for his father, Archibald Horner, a year after his death. The father's pastor was absent when he died in 1903, and so preached the sermon on the first anniversary of his death. At the time he decided he wanted no funeral when he died. When his wife died May 17th of this year her body was buried without any ceremony, she concurring in the views of her husband and requesting that there be no funeral.

Isaac Horner was a native of Nigger Hill, below Quincy, and a farmer by occupation. Like his wife, he was afflicted with cancer of the face. Two months ago he came to the city to be nearer his children, as he realized he had not much longer to live. He became bedfast three weeks ago. On Monday night, while all of the family were assembled at his bedside, he requested that a prayer meeting be held. He became speechless before it was started. The meeting was led by his sister, Mrs. N. J. Woods, of Ironton, and a sister-in-law, Mrs. Matilda Fisher, of Kentucky. When a son, Archie, arrived from Cincinnati, he no longer recognized the boy, having lapsed into an unconscious state.

Horner is survived by the following children: George, an Interstate Transfer Co. driver; Will Horner, of Fifth street; Archie, of this city; Mrs. Vina Fairchild, of Bataria; Miss Tilda Horner, of Morrow, O.; and Mrs. Laura Smith at home. The body will be taken to Nigger Hill Wednesday morning, at 7:30.

KUGELMAN VISITED OLD LANDMARK

William Kugleman, when a 12-year-old boy on his father's farm at Wheelersburg, twisted two of the main limbs on a small black elm twig together. The twig was not more than five feet tall and of about one year's growth.

Mr. Kugleman grew as that twig grew, and when he left the farm a few years later the trunk of the tree was about as thick through as his arm.

Later the farm was sold and he made a request of the purchaser to "spare the tree," informing the new owner that he wanted to come back and rest under its branches when he grew to manhood.

Last Sunday he visited the old homestead and went out to view his twisted elm. There she stood, fully 100 feet tall, while the trunk measured 6 feet and 4 inches in circumference.

Mr. Kugleman declares that the tree, however, is aging faster than the twister. Several of the limbs have decayed and Mr. Kugleman believes that it is only a question of a few years until the tree will succumb to the storms and will be fit for nothing more than stove wood.

DR. SCOTT IS GIVEN A WATCH BY MINISTERS

Prof. James H. Finney is back from Columbus, along with the rest of the Portsmouth delegation who have been attending the Methodist conference. Prof. Finney says that Dr. Herbert Scott, the new pastor of Trinity, will be here and preach next Sunday morning and evening.

The Columbus ministers presented Dr. Scott with a fine watch, on learning that he would leave their ranks. Dr. Freeman, the spokesman for the pastors, said "Dr. Scott had been active in the home, and in the civic life, that he stood for righteous living and civic purity, and now as he was going away he ought to be 'watched!'" Dr. Scott made fitting and feeling response to the good wishes of his friends.

The new pastor of Trinity is a graduate of Yale college and of Delaware. He is a son of Dr. Scott, who was for many years president of Ohio State University. The new pastor is regarded as one of the great men in Methodism.

New Boston Council Met

New Boston council members hustled matters through at the regular business meeting Monday night. A single piece of legislation was passed, an ordinance appropriating $50 for the maintenance of the streets and thoroughfares. Minor bills, presnted against the village, and appropriations for current expenses were allowed.

Elks Are To Meet

There will be a regular meeting of Portsmouth lodge No. 154, B. P. O. E., Wednesday at 7:30 p. m., at which a vote will be taken ratifying the action of the Grand lodge adopting amendments to the constitution.

W. G. HARDING IS TO SPEAK

From local Republican headquarters comes the announcement that Warren G. Harding, of Marion, O., will deliver the principal address of a political gathering to be held at the Grand opera house on the night of Wednesday, October 16. A number of local politicians are also to speak on that night.

Mrs. Paul Wehling, 316 Smith St., Peoria, Ill., had kidney and bladder trouble, with terrible backache and pain across the hips. Just imagine her condition. She further says: "I was also very nervous had headaches and dizzy spells, and was fast getting worse when I took Foley Kidney Pills, and now all my troubles are cured. Foley Kidney Pills have done so much for me I shall always recommend them." Foley Kidney Pills are rich in curative qualities and contain no habit forming drugs. Try them. BRINGS SUIT FOR DIVORCE

Charging willful absence, Minnie Alice Bennett is seeking to be divorced from Harvey S. Bennett, in an action instituted in the common pleas court Tuesday through her attorney, Frank W. Moulton.

The wife complains that about two years after their marriage in 1899, Bennett deserted her and children, and has been absent ever since. The fact that he has never been heard of since leaving the wife asserts her belief that the defendant is dead. She further alleges that their marriage contract was fraudulent and void from the fact that at the time the ceremony was performed she was under 16 years of age, and that because of her age and condition, the defendant consented to go through with the ceremony with the intention never to perform the marital duties devolving upon him. The wife also asks that she may me awarded the custody of their two children: Harold, aged 12, and Lorena, aged 10.

Many Kids Play Hookey

Judging from the number of complaints lodged with the juvenile court Tuesday, there is a wave of truancy sweeping over the city in the ranks of school youth, and the authorities have decided to resort to stringent measures to check it. Affidavits were filed with Judge Beatty today charging half a dozen youths, Harry Wise, 13; Charles Bates, 13; Edward Bates, 9; Charles Johnson, 13; Charles Clifford, 14, and Lafayette Gifford, 13, with truancy and general incorrigibility.

TWO SOULS WITH A SINGLE THOUGHT

AT THE State Capitol By Geo. T Blake

Columbus, Oct. 8.—In a suit filed in the Supreme court, Chas. A. Thatcher of Toledo, who was disbarred by that body some two years ago, asks for a writ of mandamus to compel the Lucas county common pleas court to obey a law enacted by the general assembly reinstating him in his practice. When the judges of that court refused to allow him to practice, Thatcher appealed to the circuit court, which decided against him. He now seeks relief from the very court which took away his right to practice. Thatcher was disbarred for alleged libeling of several judges who were up for re-election. Thatcher is a nonpartisan candidate for the short term office of judge of the Supreme court. He showed his political wisdom in seeking this office instead of aspiring for the long term office. Fewer are in the race for the short term, and Thatcher realizes this will be a factor in his favor.

The color design of the 1913 automobile license tag will be maroon and white. The number will be maroon with a white background, and the name "Ohio" and the figures "1913" will be in white on a maroon background. A contract has been let for 60,000 or more sets of tags for next year. State Registrar J. A. Shearer predicts that there will be 80,000 licenses issued in 1913. This will be approximately 15,000 in excess of this year's number. The registration law was enacted in 1908, and in 1909, the first full year of its operation, 23,000 licenses were issued. On October 1 one person in every 77 in Ohio owned an automobile. On July 1 one person in every 110 in the United States was the owner of a machine. The state gets $5 for every license issued to a gasoline propelled machine and $3 for every one that is electric propelled.

Answering a request for an interpretation of the corrupt practices act from Prosecuting Attorney W. H. Smith of Noble county, Attorney General Hogan rules that candidates for common pleas and circuit judgeships may contribute to campaign funds of political committees, just so long as each candidate does not exceed in the amount he gives and what he expends the limit of $2500 the law provides for judges. No candidate for judge may lawfully expend more than that sum for all purposes.

It will devolve upon Governor Harmon to appoint a superintendent of public works on the first day of the year, under the new constitution, which abolishes that body and all its officials and employes on that date. It is expected that the Governor will appoint John I. Miller, the present chief engineer of public works, who was appointed by the Governor for the term ending in May, 1914. It will be necessary for the legislature to fix the salary of the superintendent and provide for the method of organization of the department. Until this is done the superintendent will probably exercise discretionary powers in managing the affairs of his department.

Bourke Cochran, of New York City, will speak in Columbus for the Progressives on October 11. He was booked for a meeting in this city a week ago, but was obliged to cancel his engagement on account of a sore throat. General J. H. McDowell, an ex-Confederate, and Bainbridge Colby of New York, will speak at a mass meeting of Progressives at Wooster Wednesday afternoon, this week. Colonel Bryan will speak in Ohio on October 19, 20 and 21. He will trail Roosevelt through this state.

Premiums amounting to from $500 to $2,000 a day are being paid into the state insurance fund from which awards are paid injured employes under the workmen's compensation act. This shows that the law is meeting with general favor. The balance in this found now amounts to $71,000. Awards are made nearly every day by the liability board which administers the purposes of the law. Most of the amounts allowed are small. The object of the law is to compensate workmen for the time lost by reason of accident and for medical expenses.

JUDGE BLAIR WILL LEAVE ON TOUR

Judge Blair expects to leave Thursday on a three-day lecture tour of West Virginia, and from there he will probably go on a trip which will carry him through several Western states. He will likely be absent for ten days or two weeks. In West Virginia, Clarksburg will be his first stopping place, on Thursday, when he will deliver a lecture before the state W. C. T. U. convention, while on Saturday he will talk to the Lumbermen's convention, in session in Elkins, and on Sunday he will address a citizens' meeting in Grafton.

Train Riders Are Arrested

A trio of train riders, William Hamm, 19; Ephriam Bates, 16, and William Sanders 16, colored, who were nabbed by Detective Baucus late Monday were each fined $7.00 when taken before 'Squire Byron. Hamm managed to raise the necessary amount to pay his fine, while Sanders was released on account of the poverty of his folks, but Bates still languishes in the county jail.

Rev. F. E. Ross, former pastor of the Wheeling church, was transferred to the Ohio conference and was assigned to the Methodist church at Washington C. H.

DAMAGE SUIT IS NOW BEING HEARD

The damage case of Louisa Rockwell against the Norfolk & Western Railway Company went to trial in the common pleas court to Judge Blair and a jury, Tuesday morning.

The plaintiff owns a farm in Valley township, through which the tracks of the defendants run, and she brought suit for $1,000 damages because of the alleged stopping of the natural drainage of her lands at Dugan's Grove by the making of a fill in 1909-1910, when the road was double-tracked. The plaintiff complained that this fill so obstructs the drainage that a portion of her land is rendered valueless by the water being dammed up. The defense contended that the elevation of the outer edge of a race track constructed on the land is mainly responsible for the water being dammed up. Both sides made a request for the jury to be taken to view the premises.

The opposing attorneys are Frank W. Moulton for the plaintiff, and Bannon & Bannon for the defendant. The following witnesses were called on behalf of the plaintiff: Giles Dunlap, Ephriam Newman, William Egbert, Daniel Egbert, John Violett, Michael Burns, M. J. Caldwell, Alonzo Purdy, Abe Millar, William Spriggs, S. L. Rice, Pat Henry and Dr. Newton Thomas. For the defense: W. T. Glaze, Alonzo Purdy and Jack Davis.

RIVER NEWS

River men are preparing for a coal boat stage in the upper Ohio, where rainfall has been reported over the watersheds.

Heavy fogs have kept the boats behind time all this week. The Ohio arrived in Pittsburg, Monday, 72 hours late. She had to be tied up every night since leaving Cincinnati, owing to the fogs.

The repairs on the Queen City are progressing rapidly.

They are picking one of the largest apple crops in the upper Ohio Valley in the last half century and hundreds of barrels are waiting shipment. Steamers passing here have had large consignments to the Cincinnati markets.

Captain Gordon Green is in Point Pleasant, W. Va., to see if he can get another steamer to enter the Pomeroy trade, as the two steamers now in the Cincinnati, Pomeroy and Charleston trade are not capable of handling all the freight offered his line this fall.

The steamer Leroy will pass down Wednesday for Cincinnati and will take a trip through to Charleston, which will relieve the freight congestion at the Cincinnati wharf a trifle.

Wharfmaster Donnally has returned from a business trip through the East.

The stage at the local wharf Tuesday afternoon was 6 feet and rising.

The towboat Marlin Riggs passed here Monday with empties.

Preacher Can Now Tie Knots

Rev. Leroy Hopper, new pastor of the local United Brethren church, Monday filed his license and registered at the probate office, which gives him a right to perform marriage ceremonies in this county.

Arrested For Drunkeness

Troy Morris, a one-armed, well-dressed man from Marion, O., was found by Officer Homer Arthur sleeping off a jag near the N. & W. depot, Tuesday morning. Morris showed fight when his tobacco supply was taken from him at the city prison, but was soon subdued.

John T. Breece drove to Pike county, Tuesday, on business, making the trip in his touring car.

IS ARRESTED FOR SLANDER

Mrs. Sarah Wise was arrested on a warrant preferred by her neighbor, Mrs. Elizabeth Wykoff, Tuesday afternoon, charging her with slander. Mrs. Wise is alleged to have publicly questioned the chastity of Mrs. Wykoff. When brought before Squire Byron Mrs. Wise pleaded not guilty and her preliminary hearing was set for Thursday afternoon, at 1 o'clock. The women reside on Thompson street and hitherto have been fast friends.

Mrs. Peter Holan, 11501 Buckeye Road, Cleveland, O., says: "Yes, indeed I can recommend Foley's Honey and Tar Compound. My little boy had a bad case of whooping cough. Sometimes he was blue in the face. I gave him Foley's Honey and Tar Compound, and it had a remarkable effect and cured him in a short time." Remember the name, Foley's Honey and Tar Compound and do not accept any substitute. Children like it, grown folks are quickly helped by it, and it contains no opiates. Sold by Fisher & Streich, Sixth and Chillicothe.

Dr. Dooley Is Absent

Out of reach of the fingers of the law, L. L. Dooley, charged with practicing veterinary surgery without a license, has refused to recognize all summons issued from a local court. His hearing, which was to have been held in Squire Byron's court Monday night, was postponed. Dooley was sojourning near Lucasville at the time. Tuesday morning Squire Byron sent Constable Neu after the man. Providing he is located he will be placed on the squire's grill Thursday morning, at nine o'clock.

TEMPORARY POST OFFICE AT BERTHA

Bertha's temporary postoffice has been established at the home of William Dupre, adjoining the site of the Smith store, which was destroyed by fire early Sunday morning. Andrew Smith, the postmaster, has placed a supply of stamps at the Dupre home and is having all the mail distributed there.

Pending the adjustment of the insurance, Mr. Smith is making plans to re-construct his store. He will commence work as soon as the insurance policies are paid.

Mr. Carlyle At Convention

Geo. E. Carlyle, head of the Carlyle Brick Co., has returned from Philadelphia and Atlantic City, where he attended the National Good Roads Congress. Mr. Carlyle was one of the Ohio delegates appointed by Governor Harmon. Enroute to this city, at the conclusion of the congress, Mr. Carlyle visited Atlantic City and New York.

William Cornutte Turns Up Missing

Since the departure of William Cornutte, manager of the Opera House barber shop, last Wednesday night, his whereabouts have become lost. Before leaving, Mr. Cornutte placed his shop in charge of his right-hand man, Cornelius Smith. He took his barber's tools with him, but gave no intimation of his destination.

Mrs. Cornutte, when seen at her home on Ninth street, Tuesday morning, stated that she had not the slightest idea of her husband's whereabouts. He left on Wednesday night when the members of the family were absent. Although not having received a word from him during his absence, she expressed confidence that he would return at some later date.

Roof Was Ablaze

Sparks from a smoldering fire in the blacksmith shop of Chas. Nichols, located in the rear of his home, corner of Robinson avenue and Monroe street, Tuesday noon, set fire to the roof. When the auto truck and the hilltop department arrived the roof was blazing briskly, but the flames were extinguished with chemicals.

A crossing of signals, when the alarm was turned in, caused the auto truck to make a run to Glover street. The mistake was later discovered and the truck hiked back to the real scene of the fire.

FOOTBALL GAME

An effort is being made by Prof. Richard Tremper to book the Kingston high school football team to open the local football season in this city Saturday. Several other teams which have been challenged for that date have notified Mr. Tremper that their dates have been filled.

"CASCARETS" BEST BOWEL CLEANSER

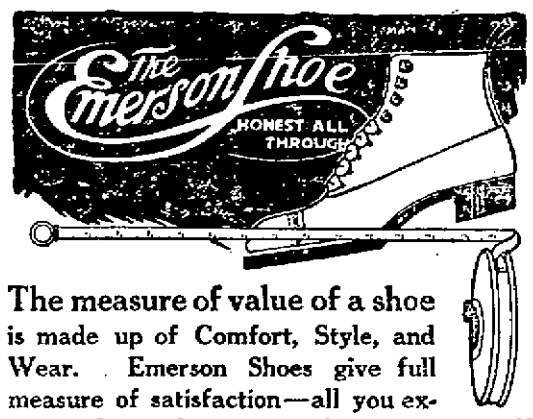

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

Is Dirt Good for Boys?

Some folks say: "Oh, let the boy play in the dirt. It is good for him. I wouldn't give a cent for a boy that keeps his clothes clean." That may be all right, but what about the boy's mother? Getting the dirt out of the clothes by the use of old-fashioned yellow soap and slow washday methods is hard labor. If the boy's mother uses Easy Task laundry soap, which does half the work for her itself, and which reduces washday labor by fifty per cent, it is different. Easy Task is five cents a cake and is the greatest nickel's worth of soap ever sold.

Still After New Members

National Organizer Sidney E. Bash, of the A. F. U., has returned from Columbus in order to prosecute his campaign to secure new members for the local chapter, which has been in progress for some tweeks. The campaign so far has been a big success and this has spurred the organizer on to greater efforts. A big class will be initiated by the local chapter at its regular meeting Thursday night.

Fred Hunter, Biddy Beers, Edward Conwell and Mike O'Day made arrangements Monday evening to play with the Ironton team in the game against the Pittsburg Pirates at Ironton Thursday. Hickory Dick Hixon will pitch for Ironton, while Grover and Willis will be held in reserve. Dick Smith will captain the Irontonians.

PRAYER MEETING

At the mid-week service at the First Presbyterian church tomorrow evening the general theme will be that of "Character." The meeting will be in charge of the Men's class, various members giving short talks. Mr. Kinsey will lead a song service at the opening and the male quartet will sing. All members of the congregation are invited.

SALEM

John Shear, an aged resident of the Glades, died Monday morning, after a short illness. The remains were laid to rest in St. John's cemetery, Tuesday.

George Martin and family, of Illinois, are visiting Sanford Martin, of Brushy Fork. Mr. Martin expects to locate permanently in Portsmouth.

The birthday surprise party given at G. W. Allen's, Sunday, was a success. Among those present were Joshua Bonzo and family, John Dodge, Leslie Allen and family, Mrs. Isabel Brown, Theophilis Bonzo and wife and Charlie Brown and family.

Corn-cutting and wheat-sowing is the order of the day in Madison. A great deal of corn is yet to be cut.

Joshua Bonzo and family will start for the West on the 10th of this month. They will arrive at Salt Lake about the 14th and will remain there until spring, when they will take up a homestead on the large tract of land which the government is opening to settlers in Central Utah.

George Carter is cutting corn for Joe Magnet.

Mrs. Caroline Powell lost a steer valued at $50.

Andy Hickman, an aged resident of White Gravel, is very ill.

James Rickey bought another drove of cattle in this vicinity.

Margaret Dodge is visiting her son, Robert Dodge, of Davis Station.

Clarence Allen and John Smith have returned from Jeffersonville. They report work scarce and corn-cutters plenty.

Charley Powell and family were visiting Sanford Martin and wife, Sunday.

SQUIRE STILL TYING KNOTS

Since the first of the year, Squire John W. Byron has tied 127 matrimonial knots, thus sustaining the reputation he has won during his incumbency in the office of the justice of the peace as the "marrying squire." The month of September witnessed the nuptials of 15 couples in the squire's office. Eight days of October brought three matrimonially inclined couples to the office and they were forthwith accommodated.

FRANK L. SIKES

is the only candidate for Probate Judge who has not sought the endorsement of some political party.

The only purpose of the Non-partisan Judiciary law is to remove the election of all judges from that partisan strife usually engendered in a political campaign.

Many of the evils that are attributed to the courts, result from party obligations and promises made by party strife. In several counties of Ohio, no party endorsements were made.

THE STAGE - AS IT SEEMS TO BE - AND AS IT IS -

BY FRANCES STARR

[Copyright, 1912, by the New York Evening Telegram (New York Herald Company). All rights reserved.]

HOW TO SUCCEED.

Miss FRANCES STARR

In common with all other actresses who have attained any measure of success, I am constantly being importuned by young women and girls to tell them some of the secrets whereby the unknown and inexperienced tyro may overcome the obstacles in the way of her getting a first engagement.

These obstacles, I am frank to admit, are formidable enough to stagger the most stout-hearted girl in Christendom. There are the long, interminable waits in the ante-room of the manager's office, whither you have gone day after day, perhaps for weeks or months, only to go away in the end with a vague promise that when something turns up he will send for you. There are interviews with all sorts of managers and agents, usually in their shirt sleeves, well meaning and kind hearted no doubt, but who only too frequently have removed their drawing room manners with their coats. There are the broken promises, the hopes deferred, all the terrible, defeating realization that it is only a chance—just a little humble chance you need to prove yourself, and that that chance may be forever denied you.

What one of us has not some time or other experienced this [illegible] either [illegible] or in part, and what one of us, were it possible to revoke the intervening years and begin all over again—what one of us, knowing what is before us, would be willing, for any ultimate success, to endure these disappointments, these humiliations, these heart breaks?

And the [illegible] of so much of it! The realization that so much of [illegible] would have been unnecessary, had we only been a little better equipped, not with brains or beauty or talent perhaps, but with just a little plain, common, ordinary information regarding the practical end of the business we were about to enter!

I use the word "business" advisedly, because while acting is a great art, in fact the very quintessence of all the great arts, and while every actor or actress worthy of the name should set himself or herself the highest artistic ideals, the stage is a "business" in the sense that anything is a business which has an economic value, which will earn for a man or woman daily bread.

That, alas! is just the trouble with the [illegible] on the stage. She is either utterly ignorant of the practical aspects of "looking for a job," or if she does have any such knowledge she either forgets or ignores it. I have rarely ever met a girl ambitious to go on the stage who did not pride herself upon the fact that she was as innocent of all knowledge of business as a week old infant. Yet the very same girl betrays the soundest sort of business instinct when, her [illegible] a little success, she demands a "raise in salary or she will leave the cast."

Now, the order should be just reversed. It behooves the inexperienced girl seeking her first engagement to become, for the time being at least, as astute a little business woman as though she were looking for a place as stenographer or clerk. She should not waste her energy and dissipate her courage and enthusiasm in going to the "wrong market."

Knights Of Pythias Change Headquarters

Magnolia Lodge, Knights of Pythias, at a meeting Monday night, decided to accept the offer of rental of the Eagle Hall, corner of Sixth and Chillicothe streets, for the purpose of making their lodge quarters in the future. The transfer of the order's property will probably commence Wednesday. Massie Lodge, K. of P., which has been occupying the hall corner of Third and Chillicothe streets, with the Magnolia Lodge, will probably retain their old quarters. An invitation has been extended to Massie Lodge to join the Magnolia Lodge in the move but the members are opposed to a transfer.

During the meeting Monday night, the page rank was conferred on Ira Mault. At the next meeting he will receive the esquire degree.

On October 25th members of Magnolia and Massie Lodges of this city, the Sciotoville and the Wheelersburg orders will journey to South Webster to participate in the ceremonies attendant on the initiation of a large class of candidates.

Rev. Morris Thankful

I and my entire family desire to extend our gratefulness to Dr. Berndt, our family physician, and other physicians at the Hempstead Hospital, for their untiring efforts and kindness during the operation for appendicitis on my two daughters, Mrs. Mattie Jones, of Peoria, Ill., who was in the hospital in May, and Miss Catherine, who was recently treated.

A letter from Mrs. Jones states that she has better health than for years, and the younger sister is getting along nicely.

I deem the Hempstead Hospital a God-send to this city and community, and I pray God may hold up the hands of all concerned in this institution to the alleviance of suffering humanity.

REV. B. D. MORRIS.

Harry Gillen dropped into the city Sunday to spend the day with friends. He is busy covering his territory for one of the eastern shoe firms, and is selling lots of footwear.

Keeps Your Stove "Always Ready for Company"

A bright, clean, *glossy* stove is the joy and pride of every housekeeper. But it is hard to *keep* a stove nice and shiny—unless Black Silk Stove Polish is used.

Here is the reason: Black Silk Stove Polish *sticks right to the iron*. It doesn't *rub off or dust off*. Its shine lasts *four times* longer than the shine of any *other* polish. You only need to polish *one-fourth* as often, yet your stove will be *cleaner, brighter* and *better looking* than it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other women who are now using Black Silk Stove Polish and who say it is the "*best stove polish ever made.*"

LIQUID OR PASTE
ONE QUALITY

Be sure to get the *genuine*. Black Silk Stove Polish costs you no more than the ordinary kind.

Keep your grates, registers, fenders and stove pipes bright and free from rusting by using BLACK SILK AIR-DRYING ENAMEL. Brush free with each can of enamel only.

Use BLACK SILK METAL POLISH for silverware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

DON'T SCOLD A CROSS CHILD

See If Tongue Isn't Coated, Stomach Sour and Bowels Waste Clogged.

Mother! Don't scold your cross, peevish child! Look at the tongue! See if it is white, yellow and coated! If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, breath bad; has stomach-ache, diarrhoea, sore throat, or is full of cold, it means the little one's stomach, liver and 30 feet of bowels are filled with poisons and foul, constipated waste matter and need a gentle, thorough cleansing at once.

Give a teaspoonful of Syrup of Figs, and in a few hours all the clogged up waste, undigested food and sour bile will gently move on and out of its little waste clogged bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Company. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

PRISONERS ATTEMPT TO BREAK JAIL

Catlettsburg, Ky., Oct. 8—A daring attempt at a wholesale jail delivery was foiled by County Jailer DeBord, of this city, shortly before midnight on Sunday night, when he surprised twelve prisoners in the Pike county jail in the act of dropping out of a window in an upper story. The jailer fired at the leader, whose name was Sargraves, who immediately retreated to safety in his cell. Eleven other prisoners were found to have been involved in the attempt to escape by sawing a hole in the steel ceiling of their cell, and making their way to the attic, from which they had planned to drop to the ground by means of a rope made of bed clothing torn to strips. The prisoners involved in the attempted jail delivery were returned to stronger cells for future safe keeping.

Company Has Organized

Directors of the recently incorporated Grimes-Peebles Company met in the offices in the Masonic Temple Monday night, outlining plans for the engaging of business on a more extensive scale and building the foundation for a permanent organization by electing the following staff of officers:

John L. Grimes, president; Walter M. Phillips, vice president; Jos. B. Peebles, secretary and treasurer. The directors are: Jos. B. Peebles, John L. Grimes, Walter M. Phillips, Louis B. Ames and N. V. Peebles.

HARLEY SEES MOVIE MAN AT WORK

Harley Peterson, an employe of the Irving Drew Shoe Company, while in Cincinnati Sunday, witnessed the staging of several moving picture scenes. A man with one of the "movy" cameras, stood in an auto and took snaps of the Queen City's street cleaning paraphernalia. The crowds which witnessed the parade of the street cleaning outfit were also snapped along with the mounted policemen who kept the spectators on the move. Harley looked the camera square in the eye, and is confident his countenance is somewhere on the film.

HIGH SCHOOL IS NOT ACCEPTED

Members of the board of education are considering the formal acceptance of the new high school building in order to relieve Contractor E. K. Hibbs of further responsibility. Architect Albert Pretzinger, however, urges them to make haste slowly in order to make sure that everything is completed. Until the high school is entirely disposed of, plans for the new Hilltop school will not be discussed.

A regular meeting of the board of education is scheduled for Thursday night.

Can You Save?

Certainly you can save, if there is an incentive. Lots of women in Portsmouth are saving wrappers from Easy Task Soap. You know if you send twenty-five of the wrappers and a two-cent stamp to the Hewitt Brothers Soap Company, Dayton, Ohio, they will send you a beautiful art reproduction all ready for framing. Some folks go to a picture store and pay a big, fat price for the same pictures. Your grocer keeps Easy Task Soap; or he will keep it if you ask for it.

MOST SICKNESS COMES FROM WEAK, INACTIVE KIDNEYS

Recent Reports Show Hundreds Suffer With Kidney Troubles and Don't Know It.

There are scores of nervous, tired, run-down people throughout the city, suffering with pains in the back and sides, dizzy spells, weaknesses of the bladder frequently causing annoyance at night, who fail to realize the seriousness of their troubles until such conditions as chronic rheumatism, bladder trouble, dropsy, diabetes or even Bright's disease result.

All this is due to weak, inactive kidneys. The kidneys are the filterers of the blood, and no one can be well and healthy unless the kidneys work properly. It is even more important than that the bowels move regularly.

If you suffer with such symptoms don't neglect yourself another day and run the risk of serious complications. Secure an original package of the new discovery, Croxone, which costs but a trifle, and commence its use at once. When you have taken a few doses, you will be surprised how differently you will feel.

Croxone cures the worst cases of kidney, bladder trouble and rheumatism, because it removes the cause. Pills, tablets and other remedies give only the temporary relief at the best. Croxone cleans out the kidneys and makes them filter out all the poisonous waste matter and uric acid that lodge in the joints and muscles, causing rheumatism; soothes and heals the bladder and quickly effects a permanent, positive, lasting cure.

You will find Croxone different from all other remedies. There is nothing else on earth like it. It matters not how old you are or how long you have suffered, it is so prepared that it is practically impossible to take it into the human system without results.

You can secure an original package of Croxone from any first-class druggist. All druggists are authorized to personally return the purchase price if it fails to give the desired results the very first time you use it.

Goverment Takes Charge Of Wireless

Washington, D. C. Oct. 8—"Is my license tag on straight?" may in time displace that other world-renowned feminine query among those of the sex who are wireless telegraph operators.

Four hundred wireless-equipped American ships, nearly 100 commercial wireless stations, many more stations connected with colleges, schools and experimental laboratories and several thousand amateur wireless stations are affected by regulations promulgated by Acting Secretary Cable, of the Department of Commerce and Labor, today to enforce the ratio communication act beginning on December 13.

The act establishes a complete Federal control system over radio communication and requires licensing of all wireless operators working across state lines or in communication with ships at sea.

Licensing of great lake vessels will not begin before spring. Licenses for coast stations will be issued by the nearest inspector or by the Commissioner of Navigation at Washington.

Examinations of would-be operators will be held at the navy yards, naval stations, the naval academy, certain army posts and elsewhere.

Amateur stations are restricted in wave lengths of transmission to not exceeding 200 meters, except on special application to the department.

ANYONE KNOW M'CAMIC?

Says the Columbus Citizen:

"Earl McCamic, of Portsmouth, started a row at the resort of Lulu Wade, 144 South Front street, Sunday night and before he was arrested by Policemen Dixon and Boggs, he had slashed his wife, Mamie McCamic, with a razor, inflicting a serious wound in the back. Doris Mitchell, an inmate of the house, who interfered, was cut across the wrist."

Y. W. C. A. Membership Passes Thousand Mark

One thousand and fifty-five is the grand total of members who have signed the annual membership cards of the Young Woman's Christian Society. This is more than the committee started out to secure but the enthusiasm has become so great that the membership committee has decided to "*boost*" the number up several hundred before the campaign closes on October 17.

After the membership committee met Monday night the provisional committee held a meeting and discussed plans for organization. Dr. S. P. Fetter was chosen chairman of the general finance committee which will have a meeting Thursday night.

All interest now centers in the stereopticon lecture which will be given at the High School auditorium tonight. The lecture is free and those who are interested in the Y. W. C. A. work should attend as it will be most interesting and educational. Those who have not been active in the work should attend the lecture and they will no doubt find the work of the Y. W. C. A. far more entertaining than they imagined.

Miss Harrett Scarf, teacher of music in the public schools, will have charge of the musical program. The high school Glee Club will take part in the entertainment.

Miss McCorkle will show views of many Y. W. C. A. buildings in America. The different phases of the work will be discussed entertainingly.

Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

SORE FEET CURED OR MONEY BACK

Have you heard about the offer Wurster Bros. are making to every reader of The Portsmouth Daily Times? If EZO, the refined foot ointment, doesn't drive out soreness, aching and all foot misery, you can have your money back. Price 25 cents.

Men and women who have not enjoyed a walk for years now find walking a pleasure. No better remedy on earth for corns, bunions, callouses, sunburn, chapped hands, prickly heat and eczema.

LOS ANGELES TIMES BURNS

Los Angeles, Cal., Oct. 8—The plant of the Los Angeles Times, located in its auxiliary building and where the paper has been printed since its main office was destroyed by dynamite October 1, 1910, burned late Saturday. The loss is $100,000.

The cause of the fire is unknown.

FRANK MOORE IS VISITOR

Frank Moore, former Portsmouth shoeworker, and son of S. A. Moore, is home from Rochester, N. Y., on his first vacation visit in five years. Frank, who is now employed in a leading retail shoe store of the Flower city, is greatly amazed at the wonderful growth of his home town since he left here. His brother, Will Moore, who is on the road for the Watt Furniture Company, arrived home Monday night from his season's trip.

Ralph Scott, traveling Ohio for the Richmond Baking Co., arrived in the city Monday. He makes regular visits to this city and has a wide acquaintance among the local lines of society.

M. J. Binder's bakery wagon, which has been undergoing repairs and a overhauling at the Schirrmann shops, is practically completed and will soon be returned to service.

WHEELERSBURG DEMOCRATIC CLUB MEETING

There will be an imporatant meeting of the Democratic club of Wheelersburg and Porter township at the town hall in Wheelersburg on Wednesday evening, October 9. The meeting is called to reorganize for the campaign, elect a president, secretary and treasurer and transact any other business that may come up.

Democrats of Wheelersburg precinct are cordially invited to attend and affiliate with the club. Remember the date—Wednesday evening.

Mr. Miller Was Contributor

Columbus, O., Oct. 8—In five minutes Monday at the Ohio M. E. Conference, over $500 was raised for the purpose of building churches in the Philippines. It costs only $40 to erect one church. A woman member of the First M. E. church of Columbus and Wm. M. Miller, formerly of Portsmouth, each gave $40. This was in addition to the $500 raised by popular subscription.

Mr. Grimes Was At Roanoke

Says the Roanoke World:

"Mr. H. S. Grimes, of Portsmouth, Ohio, a large grain dealer, who has been attending the meeting of the National Grain Dealers' Association, at Norfolk, stopped over in the city on his return for a day or two visiting Mr. A. W. Howard, his Roanoke broker. He was formerly president for two terms of the National Grain Dealers' Association." Mr. Grimes left for his home yesterday afternoon.

OBITUARY

Lafayette Gifford

Lafayette Gifford, an aged soldier and well known resident of Waits Station, died at 2 o'clock Tuesday morning after an illness of over a year or more.

He was born in Virginia in 1837, and at the time of his death was 75 years and 8 months of age. Mr. Gifford is survived by one daughter, Avanelle, who made her home with him. He also leaves three sisters.

The funeral services will be conducted by Rev. Mr. DeLaughter, at Vernon church, Wednesday morning, at 11 o'clock. The remains will be interred in Vernon cemetery.

Mrs. Olive Rachael Henning

Mrs. Olive Rachael Henning, aged 80 years, died at the home of her daughter, Mrs. Joseph Rockwell, three miles east of Lucasville, at noon Tuesday, after a two weeks' illness with a complication of diseases. No arrangements have been made for the funeral but it will probably be held Thursday.

Mrs. Henning was known to hundreds of citizens in the county. She was always active and fond of young folks, who found much pleasure in her delightful company.

For years she has been a resident of Scioto county. She was first married to James Fields, who died and she afterward married Mr. John Henning, a well-known farmer. She is survived by four children: Mrs. Mary Rockwell, Mrs. Chas. Stewart, of Piggott, Ark., Mr. Ben Fields, of Lucasville, and David Fields, of Galatia, Ill.

Mrs. Henning was a member of the Methodist church and was devoted to her church. She was a true Christian and leaves to mourn her death a wide circle of friends.

DIPHTHERIA HAS CLOSED SCHOOLS

The Stockdale schools were closed Tuesday owing to diphtheria. Louise, the 7-year-old daughter of Mr. and Mrs. Frank White, was taken ill while attending school and it was thought best to close the schools indefinitely. Several pupils have been out some time suffering with diphtheria.

WILL AWARD CONTRACT

Architect Richards, who has drawn the plans for the new building to be erected by Irving Drew for the Hibbs Hardware Co. on Sixth street, arrived in the city from Columbus, Tuesday, and was soon in conference with Mr. Drew. Several bids have been received, but up to 4 o'clock they had not been opened. The bids will likely be canvassed this evening and the contract awarded Wednesday.

Was Bounced.

Joe Hossley attempted to start a "rough house" at the Old Kentucky Cafe and was forcibly ejected by Dud Morton Tuesday.

NEW FRENCH FROCKS SHOW ORIGINAL DESIGN

Machine pleated skirts are carefully taped to keep them within the prescribed narrow lines. This costume has a machine pleated skirt and Directoire coat of black panne velvet. The boots are of patent leather, with buttoned gaiter tops.

Nothing so graceful and comfortable as this house gown, designed for a young French actress, has been thought of in many a day. The loose lines of the satin gown are confined by a wide girdle at the hip.

SOCIETY FASHION

Mr. and Mrs. George Parker Johnson, of Detroit, Michigan, have issued invitations to the marriage of their sister, Miss Maude L. Treuthart, of Bluefield, W. Va., to Mr. N. Snow, of Hurt, Va.

The wedding will take place in the afternoon of Saturday, October twelfth, at two-thirty in "The Addison", Detroit Michigan, where Mr. and Mrs. Johnson are cosily established in a suite of four rooms.

The bride, who is the third daughter of Mr. and Mrs. J. L. Treuthart, of Seventh street, will be remembered by her many Portsmouth friends, as a most charming and lovable young girl. For the past five years Miss Treuthart has made her home with Mr. and Mrs. Johnson in Bluefield, W. Va.

The groom-elect is agent for the N. & W. railroad in Devon, W. Va., O'Keefe Post Office, where the happy couple will be at home after December first.

This Will Stop Your Cough in a Hurry

Save $2 by Making This Cough Syrup at Home.

This recipe makes a pint of better cough syrup than you could buy ready made for $2.50. A few doses usually conquer the most obstinate cough—stops even whooping cough quickly. Simple as it is, no better remedy can be had at any price.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. It has a pleasant taste and lasts a family a long time. Take a teaspoonful every one, two or three hours.

You can feel this take hold of a cough in a way that means business. Has a good tonic effect, braces up the appetite, and is slightly laxative, too, which is helpful. A handy remedy for hoarseness, croup, bronchitis, asthma and all throat and lung troubles.

The effect of pine on the membranes is well known. Pinex is the most valuable concentrated compound of Norwegian white pine extract, and is rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

This Pinex and Sugar Syrup recipe has attained great popularity throughout the United States and Canada. It has often been imitated, though never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

The tenth anniversary of the Clio club was celebrated with a banquet last evening at the residence of Mrs. Henry Heer, with whom the club met ten years ago for organization. The tables were artistically decorated with dogwood, the red berries carrying out the colors of the club, red and white. The place cards were hand-decorated with sprays of dogwood. Covers were laid for the following: Mesdames Heer, John Lowry, Charles Hard, Charles Horr, Alice Thomas, Frank Spencer, P. W. Young, R. C. Meyers and Mrs. Joseph Deikemper and daughter, Miss Ruth, of Terre Haute, Ind., guests of Mrs. Heer; Misses Ruth Pray, Lucy and Verena Graham, Edith and Gertrude Elliott, Floy Staten, Edith Royse and Georgia Pedan.

Interesting letters from the following ex-members of the club were read: Miss Stella Gates, of Washington, D. C.; Miss Winifred Smith of Logan, Utah; Mrs. W. R. Bond, of Phoenix, Arizona; Mrs. Mabel Erb Grubb, of Athens, Ga.; Miss Myrtle Mault, of Wilmington, N. C.; Mrs. Kitta Collison Seymour and Mrs. Charles Spencer, both of this city.

The following charter members, who are still in the club, are: Mrs. Heer, Miss Margaret Heer, Mrs. Alice Thomas, Mrs. Effie Horr, Mrs. Elizabeth Hard, Miss Edith Elliott and Miss Philopena Schmidt, who were all present on the evening of organization, at the home of Mrs. Heer, on Friday, October 7, 1902.

Mrs. P. W. Young and Mrs. R. C. Meyers are honorary associate members of the club.

Mrs. D. P. Pratt left today for Washington Heights, Ill., for a stay of several weeks, with the hope of receiving benefit from the change of air.

Mrs. Philip Meldick and three daughters, Mrs. O. C. Gilliland, Mrs. J. A. Simmons and Mrs. K. R. Hunter, of Jackson, are the guests of Mrs. Meldick's niece, Mrs. Flora Gahm, of Eighth street.

Mrs. Lida Fowler Poetker has returned to her home in Detroit, Michigan, after a six weeks' visit with her parents, Mr. and Mrs. W. H. Fowler, of Sixth street.

Miss Floy Hammond will return home tomorrow from a three weeks' visit in Stoughston, Wisconsin.

Miss Jennie Gateley, of West Second street, left Tuesday morning on a visit to Mrs. James Gaines, at Moundville, W. Va. On her return home she will stop off in Columbus, where she will spend a few days with Miss Sarah McMahon.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise—Would you marry a woman who had sued a man for divorce? Jack.

It depends on how much the jury awarded her.

Dear Miss Wise—Don't you think a man ought to marry at about twenty-five? Anxious Fiancee.

He should at least be allowed to enjoy life until he is thirty.

Dear Miss Wise—What can a girl do with a jealous man! Lena.

Do without him.

Dear Miss Wise—Do you think a man should tell his fiancee the details of his past life! J. T.

There should be no morbid digging up of the past between engaged couples. A man owes it to a women that she should know anything in his life which may affect her future, or which, if revealed to her by any one else, would cause her to regret that she had linked her life with his. A reticence, which amounts to deceit, must inevitably bring unhappiness.

A man's past does, in a sense, belong to the woman he loves. A woman's past belongs, likewise, to the man she loves, but all the tender or unpleasant details need not be rehearsed. A simple statement is enough. To ask more is to show a lack of delicacy of feeling.

Dear Miss Wise—I have written a book. Where can I dispose of it Edith.

They often make good fires.

Dear Miss Wise—In giving an introduction, which should be presented, the lady or the gentleman? Society.

The gentlemen is always presented to the lady, the rule being, "Mrs. Z., allow me to present Mr. F." In case of introducing two ladies, the name of the younger is mentioned first, as "Mrs. Young, Mrs. Gray." When two persons are of nearly the same age, the distinction is unnecessary. A young girl presents her friends to her mother, but the mother says: "May I present my daughter, Mrs. Blank?" though if the introduction be to a man she follows the usual rule.

The tiny machine pleating, or accordion pleating, as it is sometimes called in this country, is again at the height of fashion's favor. Machine pleated skirts are being shown in Paris with hip-length coats of the same or contrasting material. A suit of blue-gray mixed worsted has a machine-pleated skirt, very straight and narrow in "hang" because of confining tapes beneath, and with this skirt goes a smart hip length coat in rather mannish effect and having slanting pockets, double revers and a jaunty bit across the back. These mannish belted coats are called "sport coats, and they do seem to lend their wearers a sporty, youthful suggestion. Made of corduroys and rough fabrics and built on loose, boyish lines, these sport coats promise to be the fall craze for golf and outing wear.

Casting about him for some new object to decorate, the imp of extravagance has hit upon the lining of envelopes and has turned out a most artistic piece of work.

Envelopes lined with colored paper have long been in common use on the continent of Europe, but have never found favor in America until now.

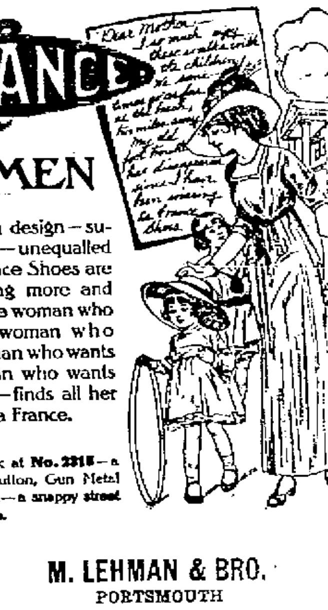

The new envelopes are lined with satin, the part which is exposed on tearing them open being hand-painted with flowers. The work is done by deft Japanese artists, and—is it necessary to say?—they are expensive.

BOSTON WINS

(Continued From Page 1.)

result was a pop up to Wagner's waiting mitt. No runs, one hit, no errors.

Second Inning.

Boston—Gardner, the first up in the second, rolled to Fletcher, who fumbled about and made no attempt to recover. Gardner stopped at first. Stahl attempted to sacrifice, but only succeeded in forcing Gardner, when Tesreau picked up his bunt and threw to Doyle. Stahl was out at first, Merkle getting the put out. Wagner walked. Cady flew to Murray against the bleacher fence. No runs, no hits, one error.

New York — Herzog claimed he was hit on the elbow by Wood's first ball pitched, but Umpire Klem couldn't see it that way. Herzog then popped to Stahl. Meyers got a war whoop when he came to the bat. Two strikes were called on him before he swung and missed, giving Wood his second strike out of the game. Fletcher looked foolish when Wood curved a third strike over the plate for a third strike out. No runs, no hits, no errors.

Third Inning.

Boston — Wood worked Tesreau for a pass. Hooper bunted down the first base line, sacrificing Wood to second, Yerkes once more bounded to Doyle for an easy out at first, Wood stopping at third. Slugger Speaker, famed for pinch hitting, came up and walked. Lewis flew to Fletcher in short center. No runs, no hits, no errors.

New York — Tesreau fanned, making Wood's third strike out and the fourth in the game. Devore fouled three before he drew a pass. Doyle dropped a safe fly that Lewis could not reach in right field and Devore raced to third. The crowd was in an uproar, as Doyle got credit for a double. Snodgrass fanned. Murray, who didn't make a hit in the series last year with the Philadelphia Athletics, singled over second, scoring Devore and Doyle. He was out trying to take second, Speaker, Cady to Wagner. Two runs, two hits, no errors.

Fourth Inning.

Boston — Gardner raised a high foul which Herzog caught. Stahl fanned. Wagner fouled to Merkle. No runs, no hits, no errors.

New York — Merkle fanned, giving Wood his sixth strike out. Herzog singled to center. Meyers bounded one to Wood and was out at first. Herzog was held at second. Fletcher fanned. No runs, one hit, no errors.

Fifth Inning.

Boston — Cady out, Doyle to Merkle. Wood grounded to Merkle, who retired him unassisted. Hooper fanned. No runs, no hits, no errors.

New York — Tesreau fanned. Devore fouled to Lewis. Doyle singled to left, just out of Gardner's reach, who knocked it down to foul ground, recovered it and by a quick throw to Wagner, got Doyle at second. No runs, one hit, no errors.

Sixth Inning.

Boston — Yerkes flied to Snodgrass. Speaker tripled to center and scored while Lewis was retired, Doyle to Merkle. Gardner fanned. One run, one hit, no errors.

New York — Snodgrass was safe on Wagner's error. Murray bunted into Stahl's hands and Snodgrass was doubled at first, Stahl to Wood, the first double play. Merkle flew to Wager. No runs, no hits, one error.

Seventh Inning.

Boston — Stahl out, Doyle to Merkle. Wagner singled to center. Cady singled to left. Wood grounded to Doyle, retiring Cady at second. Wagner now on third and Wood on first. Hooper doubled, scoring Wagner with the tying run, Wood reaching third. Yerkes doubled to left, scoring Hooper and Wood, putting the Red Sox two runs to the good. Speaker fanned. Three runs, four hits, no errors.

New York—Herzog struck out. Meyers was hit in the back by a pitched ball and took first. Fletcher forced Meyers at second, Yerkes to Wagner. McCormick batted for Tesreau. Four runs and five hits off Tesreau in seven innings. McCormick flied to Lewis. No runs, no hits, no errors. Crandall replaced Tesreau.

Eighth Inning.

Boston—Lewis out, Fletcher to Merkle. Gardner fanned. Stahl struck on three pitched balls. No runs, no hits, no errors.

New York—Devore out, Wagner to Stahl. Doyle ditto. Snodgrass flied to Gardner. No runs, no hits, no errors.

Ninth Inning.

Boston—Wagner doubled to left. Cady sacrificed, Herzog to Merkle, Wagner taking third. Wood out, Crandall to Merkle. Hooper flied to Doyle. No runs, one hit, no errors.

New York—Murray flied to Hooper. Merkle singled past second. Herzog singled to right. Meyers singled to right, Merkle scoring, Meyers taking second on Hooper's throw to the plate. Becker ran for Meyers. Fletcher fanned. One run, three hits, no errors.

THE WORLD'S SERIES.

(By United Press.)

When the umpire's cry of "play ball" rang out over Polo grounds, New York City, this afternoon, the greatest battle for base ball supremacy in the history of the game had started. For five days the New York Giants and Boston Red Sox will fight over the ownership of the world's championship pennant.

To insure that the fans who read The Times are given the most complete and most interesting details of these wonderful games in the quickest time, The Times has arranged to receive the special baseball service of the United Press Associations.

The stories of the games, which are to be handled over the United Press wires, running directly into the Times office, are to be written by Grantland Rice, foremost sporting writer of the age. His services were especially contracted for by the United Press to continue throughout the series. He will be assisted in writing his play-by-play description of the games by a staff of expert sport writers.

The United Press has announced that its leased wires have been looped directly into the press boxes on the fields at New York and Boston, thus eliminating all possibility of delay.

The Weather Was Beautiful

(By United Press.)

New York, Oct. 8—A tinge of fall weather combined with a cloudless sky and bright sun to make today just right for the opening game of the world series between the Giants and Red Sox this afternoon.

Out of town fans who forgot overcoats and warm clothing were comfortable when Billy Klem, umpire-in-chief of the first game cried "play ball."

Manager McGraw consulted an old sea dog today about the probable weather for the week.

The old sul rolled up his weather eye and predicted fair weather for the next ten days.

Spectators Were Out Early

(By United Press.)

Polo Grounds, New York, Oct. 8—The early bird caught and held the worm today. At ten o'clock, exactly one hour after the gates at the parks where the Red Sox and Giants struggled for supremacy this afternoon, were thrown open more than 12,000 were inside waiting for play to start.

Boston Favorite In Betting

(By Associated Press.)

New York, Oct. 8—Manager McGraw, of the Giants, said today that he was prepared to make a hard fight against Manager Stahl, of the Boston Red Sox. "There won't be one game that our opponents won't have to knock us down to get," said McGraw.

Thousands of dollars have been wagered on the outcome of the series. Boston was the favorite at 10 to 8 and 10 to 9 this morning, and betting found plenty of Boston money in sight. Bets at 6 to 5 that Boston would win if Wood pitched were popular.

The winners of the first four games of the series get the largest share of the prize money, which is reckoned at more than $160,000 for today.

Was Great Rush For Seats

(By Associated Press.)

New York, Oct. 8—Some 40,000 persons surged into the vast recesses of the Brush stadium today to witness the first struggle of the New York Giants, pennant winners of the National League, and the Boston Red Sox of the American league for the premier title in baseball in the world's championship.

Mayor Gaynor, of New York, and Mayor Fitzgerald of Boston, sat together in an upper tier box.

A day of sunshine and Indian Summer warmth was the pleasant portion of players and spectators. Excited and anxious fans gathered before nightfall to secure the first choice of seats in the lower grand stand and back field bleachers, but there was no need for this as when the first rush was over there still remained 25,000 seats to be had.

All morning there was a constant pouring of spectators through the turnstile. The lower grand stand was filled at noon. The upper stands were reserved and were the last to fill and the team had about finished the practice when the last one entered the turnstile.

Dynamite Evidence To Begin Wednesday

(By United Press.)

Indianapolis, Ind., Oct. 8.—More than 50 hotel clerks and attaches were in Indianapolis today to testify in the dynamite conspiracy trial here tomorrow.

They were to be the first witnesses called after the opening statements were concluded and their evidence was expected to corroborate the confession of Ortie McManigal insofar as to verify the cities and states in his narrative.

District Attorney Miller today recited the fifth day's installment of his narrative to the jury. Through the hotel men the government hopes to trace the movement of McManigal, James and John McNamara, Edward Clark, Herbert S. Hockin, Frank Ryan and other principals in the alleged dynamite plot through the five years of its working.

There was no chance of any testimony being taken today. The district attorney was not near through with his statement and he was not certain that he would conclude today.

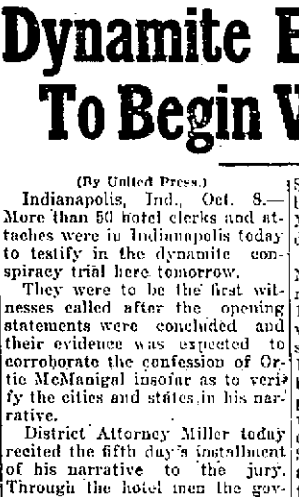

Newton Harding and Senator Kern then are expected to open for the defense and outline their evidence.

(By Associated Press.)

Indianapolis, Ind., Oct. 8.—Explosions at South Chicago and Springfield, Ill., were described by District Attorney Charles W. Miller at the trial of the accused dynamite conspirators here today.

Miller said when James B. McNamara and Ortie McManigal arrived in Chicago in February, 1911, they found the dynamite which they had carried on a passenger train from Indianapolis, Ind., had frozen. McManigal at his home in Chicago put the explosive on a radiator to thaw and when he returned from looking over the Iroquois steel plant at South Chicago he found his little girl on the floor playing with the dynamite, said Miller.

When the South Chicago plant was blown up, February 25, 1911, McNamara wanted to kill a night watchman because he was in the way, but McManigal would not let him, according to Miller. Letters were read by the district attorney purporting to show that McMurray, Pennell of Springfield, Ill., head of a local iron workers' union, wrote to union headquarters expressing impatience because work at Springfield constructed by employers of non-union labor had not been blown up.

THE REAL ISSUE

NEW STORY GIVEN ON THE HARRIMAN FUND

(By Associated Press.)

Washington, Oct. 8.—Another chapter was added to the disputed story of the so-called Harriman $240,000 contribution to the Republican party in 1904 when Wayne MacVeagh, of Philadelphia, former attorney general, told the Clapp committee of a conversation H. McK. Twombley had with the late E. H. Harriman.

MacVeagh said that while in Twombley's office in October, 1904, the latter had a telephone talk, and told him that it was with Harriman. That Harriman said he had been to the White House and that Roosevelt had expressed anxiety that a $240,000 fund be raised, and that Mr. Harriman had agreed to raise it.

MacVeagh testified he had been given to understand that in making contributions in 1904 Twombley represented the railroad interests; H. C. Frick, the coal and steel interests, and John D. Archbold and the late H. H. Rogers, the Standard Oil interests.

Mr. MacVeagh was wanted either to confirm or deny the story told by Chas. Edward Russell and Judson Welliver yesterday that J. P. Morgan had a telephone conversation with either President Roosevelt or E. H. Harriman regarding contributions in 1904. MacVeagh denied positively that he had ever seen Morgan use a telephone and declared that he and the banker never discussed contributions. He said that he did repeat an occurrence of like character but that it occurred in the office of H. M. Twombly.

The letter told him, he said, that Harriman had asked him to contribute $50,000 to a $240,000 fund which Harriman had undertaken to raise.

(By United Press.)

Washington, Oct. 8.—Another bi-partisan probe of "monied politics" was made today by the Clapp committee. The Republicans and the Bull Moosers were given the center of the stage today. Ormsby McHarg, pre-convention worker in the South for Colonel Roosevelt, and Matthew Hale, of Boston, leader of the Progressive fight in New England, were the Bull Moosers called.

Former Senator Chauncey M. Depew of New York, and Nathan B. Scott of West Virginia, and Congressman William McKinley of Illinois, pre-convention manager for President Taft, were the Republicans.

Although intent on tracing the source of political finances, the committee bowed today to King Baseball. Because of the world's series, the committee decided to lengthen their morning session until 1 o'clock, when adjournment would be taken for the day.

Clancy And Hockin Both Admit Guilt

(By Associated Press.)

Indianapolis, Ind., Oct. 8—Eugene A. Clancy, of San Francisco, former executive board member of the iron workers' union and prominent labor leader on the Pacific coast was charged in the trial of the dynamite cases as having admitted that he assisted in the arranging of the explosion at Los Angeles. District Attorney Miller told the jury Clancy had been approached just after the McNamaras were arrested and made admission both to the federal government and to authorities of California. His statement as read to the jury was:

"Before the Los Angeles Times explosion, I met J. B. McNamara at Seattle in response to telegram sent from Indianapolis, Indiana, sent by John J. McNamara, secretary of the union."

"I thought you were in the printing business?' I said to J. B. He replied 'No. You know what I am here for.'"

Mr. Miller said Herbert F. Hockin, acting secretary-treasurer of the International Association of Bridge and Structural Iron Workers in betraying his fellow defendants had delivered to government officers the keys of the union headquarters office and had permitted a telephone spy system to be installed under the desk of President Frank Ryan.

MONEY BACK CURE FOR RHEUMATISM

People For Miles Around Visit Wurster Bros. For Wonderful Remedy

Here's two more happy people who RHEUMA has cured. If you have Rheumatism, Gout, Lumbago, Arthritis, Neuralgia or Sciatica and don't try RHEUMA on money-back plan, you have only yourself to blame. The price is small, only 50 cents at Wurster Bros.

"One year ago I had a most severe attack of Rheumatism, lasting over nine weeks. Two bottles of RHEUMA cured me so completely I have never had the slightest return of the disease. We have a friend, an old lady, living here, who had Rheumatism for more than a year and she, too, was cured. Her joints were all stiffened and swollen, and she had previously tried everything for Rheumatism she had ever heard of."—George M. Ross, 308 N. Warren Ave., Saginaw, Mich., July 29, 1911.

READY FOR BATTLE

The Progressive headquarters in the Strnich building will now remain open at all hours of the day and until 10 o'clock at night, from now until after the election in November.

John Staten, chairman of the central committee, will likely be placed in charge of the headquarters and will be one of the chief advisors during the campaign. Miss Edna Davis has been duly installed as stenographer, and headquarters have taken on quite a lively appearance.

It is the intention of the committee to secure Governor Hiram Johnson for a speech in Portsmouth during the last week in October.

Haas Gets Contract

Felix Haas, the Chillicothe street clothier, Tuesday afternoon was awarded the contract for furnishing the new overcoats to be worn this winter by the members of the police force. Mr. Haas' samples won him recognition over a number of local competitors. The contract calls for twenty-four nobby coats, which are to be delivered to the police in the near future.

HAMMER AND PAINT

Newmann Bros. have secured the contract for the remodeling of the L. C. Cook building, Ninth and Chillicothe streets. It will be remodeled within and without and will be beautified by the addition of a new front. During the remodeling process, the Cook grocery has been removed to the rear of the building, where business is being carried on as usual.

Contractors Roberts and Beckman have a force of painters at work, retinting the exterior of Trinity church. All of the window frames and exterior woods and tin work are receiving a new dress.

Isaac Quasser, junk dealer, is making extensive improvements to the Third street property he recently purchased of T. B. Nichols. All of the buildings have been repainted and the yards enclosed with a high fence.

Brawley Bros. are surrounding the McKinley property on Washington street, now owned by H. S. Grimes, with ne new cement sidewalks. Mr. Grimes is remodeling the property.

The Orin Oakes property on West Second street, used for residence and store room purposes, has undergone a wonderful transformation. A new roof has been added while the painters have changed the entire appearance of the place. The big barn in the rear has also been overhauled and re-painted. The property will be rented within the next few days.

Mrs. M. B. Wood, of Quincy, Ky., is critically ill.

FINE REPORT IS MADE BY THE PLAYGROUND ASSOCIATION

Mrs. Samuel Horchow, who has been the leading spirit in the play ground association in Portsmouth, has filed the following interesting report on the grounds for the past season:

"I love these little people, and it is not a slight thing when they, who are so fresh from God, love us." (Dickens.)

On September 1 we closed the third successful season of the playgrounds in our city, a season of work and exertion, a season of partly successful and to the greatest part unsuccessful trials to collect together enough funds to keep the work from failure. Some of our patrons of the first two seasons, who by their liberal contributions had helped to start the play grounds and had made it possible to equip the place fittingly, have, for some reasons unknown to me refused to lend their helping hand this year, and it was due to a few liberal minded citizens that we were able to keep the grounds open from June 11 to September 1. A donation of $90 made by Mr. John Williams, out of the funds of the Saturday Baseball League enabled us to get the work started, and we want to thank the donors for their kind consideration. It would be impossible for me to relate to you the great benefit of play grounds to our city. I feel that we all agree on the usfulness of the institution. If we want to make good citizens of our children, we must start with them in their earliest period of life and a child raised and bred under favorable conditions, as kindergarten, play ground and public school, will under ordinary circumstances make a useful citizen when he grows up.

"It is therefore wiser and less expensive to save the children than to punish criminals."

Just at that time of the year when all schools are closed, and the children left to their own resources, temptations to do mischief (and sometimes bad mischief), is great and our play grounds under scientific management serve to curb the evil desire in the children and leads them to wholesome exercise, that develops mind and body. "He who helps a child, helps humanity with a distinctiveness and an immediateness which no other help given to human creatures in any stage of their human life can possible give again." (Phillip Brooks).

On August 15 a picnic for the children and their parents was held, and we had as our guests the children from the Children's Home, twenty-seven in number, with their matron. All spent a most enjoyable time. We served one hundred and seventy-five people, including the children, of course.

We are closing this year with a balance of about $5.00.

Mrs. Samuel Horchow, Chairman.

REV. WILLIAM BROOKS WILL HOLD A REVIVAL

At a meeting of the official board of the First Christian church, held on Monday evening, it was unanimously decided to employ Rev. William H. Brooks, brother of the pastor, Rev. Crayton S. Brooks, to hold a revival at the church some time in early spring, the exact date to be announced later.

Evangelist E. E. Violett had stated he could hold the revival and he was agreed upon, but when his terms were received later the board concluded they could not see their way clear to obligate themselves for the amount he asked and therefore decided to employ Rev. Brooks, who delivered one sermon here some months ago. He is a fluent speaker, and has the reputation of being one of the most successful evangelists in the brotherhood.

The announcement that the board has selected Rev. Brooks will no doubt be gladly received. He resides at Ladora, Ind.

Baby Girl.

Earl Ashcraft, a bartender at the Maier's place, received news Tuesday of the advent of a baby daughter at his home in Piketon.

Petitions Are O. K.

Judges Milner and Holcomb spent Tuesday afternoon at the Board of Election room carefully scrutinizing the petitions of Bull Moose candidates.

The two Taft leaders found one or two instances where persons had signed the same petitions twice, but not a sufficient number to effect the petitions in any way. They were seemingly bent on examining the petition of Nate B. Gilliland, candidate for common pleas judge, but as he is a district candidate his petitions were filed with Chief Deputy James Folsom, who has the papers at his home in Franklin Furnace. They did not as much as ask for Judge Sikes' petition.

Going Back To California

Martin Higgins and wife, who have been visiting Mr. and Mrs. John Higgins, of Seventh street, will leave Wednesday for their home at Oroville, Cal. Mr. Higgins has been employed as electrician at the steel plant for the past several months, but has resigned. He will re-engage in business in Oroville.

Joe Knoppe and George Ball, veteran B. & O. S.-W. engineers, and John Richter are spending a few days fishing on Turkey creek.

Girl Shot Herself, Leg Was Amputated

The Greenup Republican says: "Miss Hattie Adkins, aged 15 years, shot herself in the right leg Sunday with a shot-gun, at the home of a neighbor at Womack's bridge, just two miles back of Greenup, and as a result the injured member had to be amputated four inches below the knee.

The young girl attempted to lay the loaded gun on the floor under the bed, when she struck the hammer on the bed railing, causing the gun to explode.

Dr. Brady was hurriedly summoned and saw that the limb had to be amputated. He telephoned Dr. Keller, of Ironton, to come, and the operation was soon completed before the young lady had lost very much blood or suffered a great deal. At present she is getting along as nicely as could be expected.

Miss Adkins is the daughter of Mr. and Mrs. Bruce Adkins, who live in the Newsom proprty, which is known as the "Arch Womack farm."

WOULD ERECT GARBAGE PLANT

John W. Winter, president and manager of the Portsmouth Chemical Company, met with city officials Tuesday relative to the proposed garbage disposal plant.

Mr. Winter offered to dispose of city garbage provided the city erected a building for that purpose on the company's lot and allowed compensation. Service Director John M. Williams was not satisfied with the proposition and asked him to consider the matter more fully and give some definite proposition in the near future. This Mr. Winter agreed to do.

Stories From Real Life

C. O. BURNS,

in 1893, was a commercial traveler, with his headquarters at San Francisco. He earned a good salary. By extra work he often added to it. But one day the thought flashed suddenly in his mind—"I'm not saving a cent." He started in to save by putting coins in a toy-savings bank. Sometimes it was a quarter, or a dollar, or a gold piece when he was "flush." He was providing against the future. He was the man who started the little metal savings bank idea. His business has grown so that now he employs several hundred trained solicitors.

Sun's Bill Delighted Audience

A brisk style of talk and a snappy manner of singing songs allows May Mulligan to score heavy with the audiences witnessing the bill at the Sun the first half of the week. Her winning personality also augments her favoritism.

An act that is a little above the average vaudeville sketch is being put on by David Livingston and company. The company is a partner of the fairer sex. The duo present "The Corporation Lawyer" real dramatically. Livingston handles the dual role of the lawyer and laboring man, the extremes in life, very capably.

Billy Wallace, a hobo vocalist, has a snorting turn. He cleverly impersonates a large-carat member of the anti-soap brigade and gets by handily.

A small dish of grand opera is served up by the Franconica Trio. All three members of the trio are blessed with well developed voices. Renditions of the songs in Italian are a little over the heads of the audiences but are appreciated nevertheless.

STOPS SCALP ITCH

Dandruff and Every Form of Scalp Disease Cured Quick By Zemo

It is simply wonderful how Zemo goes after dandruff. You rub a little of it in with tips of the fingers. It gets right down into the glands, stimulates them, STOPS THE ITCH, and makes the head feel fine. No, it isn't sticky! Zemo is a fine, clear, vanishing liquid. You don't have to even wash your hands after using Zemo. And what a wonder it is for eczema, rash, pimples and all skin afflictions. A 25-cent trial bottle at Wurster Bros. Drug Store is guaranteed to stop any skin irritation.

Zemo is prepared by E. W. Rose Medicine Co., St. Louis, Mo., and is regularly sold by druggists at $1 a bottle. But to prove what it will do at trifling expense, Zemo is now put up in 25-cent trial bottles.

Smith is In Bad Shape

James P. Smith, the N. & W. switchman, who was knocked from a gondola car which he was riding over the "hump" early Sunday, is still in bad shape. Smith had his back sprained and was also injured about the hip. A key ring chain he was carrying at the time was broken in four places.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy Made From Garden Sage, Restores Color to Gray Hair

A feeling of sadness accompanies the discovery of the first gray hairs which, unfortunately, are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time.

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

Twin Calves On Exhibition

Twin heifer calves, the property of Dairyman B. M. Daniels and Hugh H. Higgins, are attracting much attention at the dairy on Jackson street. The calves were bred from a black Polangus and a Jersey cow. The twins are of piratical colors. One is black and the other is red.

Ayres Taken To Hamilton

Hamilton, O., Oct. 8.—Francis Ayres, 19, was brought here last night from Portsmouth, Ohio, charged with horse stealing and grand larceny. It is alleged he took a horse and runabout from the fair grounds last Wednesday and was trying to sell the outfit at Portsmouth when arrested. He claims his home as Newark, Ohio. He will be bound over to the grand jury, which convenes tomorrow. The stolen property was turned over to the owner.

Conrad Staker, of Pine Creek, suffered a stroke of paralysis early Saturday morning, but from the latest reports it was thought that he might recover. He is 72 years of age.

LABOR COUNCIL HAD REGULAR SESSION

Delegates to Central Labor Council Monday night heard a comprehensive report read by Secretary Laudemann, sketching the record of Senator J. I. Hudson on labor legislation. Senator Hudson's attitude and votes in favor of all important labor bills were shown in the report, and it was placed on the files of Central Labor Council.

Reports from the committees, having in charge the Labor Day celebrations, were gratifying. Handicapped by the expense of the parade, the committee, however, showed a snug little nest egg having been cleared for the order.

Owing to the fact that the time has expired in which to file credentials for sending a delegate to the state convention to be held at Canton on October 14, th elocal council will not be represented. This contingency was discovered too late Monday to remedy and no delegate was chosen.

Rally Day Sunday

Rally Day will be observed at the Evangelical Sunday school next Sunday, Oct. 13th, and every member is expected to be present. Parents are especially invited. We will be glad to have visitors present. Our pianist has arranged a good program. Let each and every one of us give this occasion our best effort.

Eagles At Ironton

Ironton, O., Oct. 7—The Fraternal Order of Eagles have spared no pains toward making their class adoption and banquet this Tuesday the swellest function of the order. They will meet promptly at six-thirty o'clock in their commodious hall in the Murdock building, at Second and Railroad streets. Thirty-eight new "birds" will be taught the art of flying.

There will be Eagles from Ashland, Jackson and Portsmouth present and the local order is desirous of showing much hospitality toward their guests.

The banquet committee have arranged for a sea-food menu of oysters, crabs, lobsters and other good things to touch the palate.

Nervous Debility Is Easily Overcome

Tona Vita Builds Up Rundown People Very Quickly

If you have a worn-out, miserable feeling, from morning till night; if your food does not nourish you properly; if you have little ambition and tire very easily, you are debilitated and rundown, and need something to build you up.

This Tona Vita will do in a few weeks' time. It is a remarkable medicine and is pronounced by most physicians the best tonic now being sold to the public.

Give this great tonic a trial. No matter how badly you are run down you will notice an improvement at once. In a few weeks you will feel as though you had been made over.

If you have lost flesh get on the scales after taking Tona Vita a week, and see how your weight has increased.

Tona Vita is sold by Wurster Bros., 419 Chillicothe Street.

Mormans Are Menace Says This Lecturer

Mrs. Wells, of Chicago, delivered her second lecture at Bigelow church Monday afternoon. The first part of the address was on China, which Mrs. Wells believes will be closely allied in many ways with America in a few years.

The last part of the lecture was devoted to the subject of Mormonism, and Mrs. Wells again interested her audience deeply by the description of these people, whom she says, are an enemy to the government.

The lecturer urged every teacher to study the subject thoroughly before the National Education Association met in Salt Lake City in 1913. She says the Mormons will make everything so attractive that the young men and women will leave Salt Lake City much impressed with their religion.

Mrs. Wells will continue her lectures at Bigelow church every afternoon this week at 2:30 o'clock.

BALL PLAYERS WILL FORM JURY

Cleveland, O., Oct. 1—Clerk William Costello of the local insolvency and juvenile courts has devised a new winter employment for ball players. Costello announced today that he is to summon a jury the latter part of this week and that every member of it will be a big league ball player. All reside in Cleveland. This will be the venire as Costello announces it: "Rube" Marquard, New York Nationals; "Dode" Paskert, Philadelphia Nationals; William Bradley, Montreal International; Jimmy Austin, St. Louis Americans; Marty Cole, Boston Americans; Napoleon Lajoie, Cleveland Americans; Steve Evans, St. Louis Nationals; "Paddy" Livingston, Toledo American association; Frank and James Delehanty, Minneapolis American association; Billy Evans, American league umpire, and Charles Smith, Chicago Nationals.

Costello says baseball players think fast and should make good jurors. Paddy Livingston made good as a juror here this week.

New Rules Help Game

New football is a delightful game and the very best that has been devised since the solons have been remodeling the code. The games so far show that a good team can again score and show its merit but not beyond what it should. The tackles in the games that have already been played did not have to bear the brunt of attack so seriously as some calamity writers would have made us believe before the season started. The open play is still effective and the inability of any one legally to help a runner removes the grinding feature of the old game. The forward pass with the central zone eliminated becomes a much more important play and one that gets better results. When it comes to the breakdown stage the uncertainty of the forward pass over the goal line and other new scoring features make the play doubly interesting at that point for a spectator. The new rules seem to have retained the best of the old smashing code and the extreme new code which went too far in the other direction.

KLING SAYS "MANAGER OF NOTHING."

Boston, Oct. 8—Manager John Kling of the Boston Nationals issued a statement today in which he denies reports of an agreement by which he is to be succeeded as manager by George Stallings of the Buffalo team.

"If I am not retained as manager and carried out my unconditional release," he says, "I shall retire from baseball."

KIBLER GOES TO PACIFIC COAST

The Chillicothe Gazette says: "Messrs. Tom Kibler and Barney Kelley left Sunday night for the West, where they expect to follow their profession during the winter months in the warmer climate of the Pacific coast. Kibler carries with him his unconditional release from the local club. He had an unreserved contract, which now means he is free to go where he chooses. Kelley was drafted by the Denver team and will report there next spring, while Kib has offers from the Pacific, the Tri-State and the Western leagues, so will have an opportunity of making his own selection. He stated he did not expect to return here for another year. May the popular players have the best of success."

GREAT CROWD IS EXPECTED AT PIRATE--LOCAL GAME

Fair weather is promised for tomorrow (Wednesday), in which event not less than 1500 fans should be present at Millbrook park when the All-Professionals of Portsmouth hook up with the mighty Pittsburg Pirates.

This attraction is what the theatrical men would call a star headliner, and so it is. The Pirates, runners-up in the National league, comprised what expert critics claim to be the best baseball club in the universe. Had the Pirates' pitching staff been as strong all season as during the closing six weeks, they and not the Giants would have been battling with the Red Sox for the premier baseball honors of the world.

If the fanatics want to see the highest priced piece of manhood that ever came within a radius of this fair city, they can be accommodated by taking a peep at Marty O'Toole, the $22,000 beauty. For he cost the Pirate management that sum and is one of the most famous pitchers in the world. He will probably pitch three or four innings against the Portsmouth contingent. Fred Hunter, who played first base for the Pirates a couple of seasons ago, will hold down a similar position for the locals. He says that O'Toole is a wonder and well worth the price paid for him.

The Pirates will present their strongest possible line-up, as Owner Barney Dreyfuss does not believe in any burlesques. He issued orders to Secretary Will Locke, who will be here with the Smoky City outfit, to bring the regular team along. Possibly one of the Pirate stars will not take part in the game, the great Hans Wagner, but he will be in uniform and if in the proper mood will give an exhibition of fungo hitting, in which event it will be necessary to have an unlimited supply of balls on hand, for many of them will go over the fence.

Barney Schreiber, Waverly star, who was with the Reds a couple of years ago, will twirl for the locals. He was with the Denver team of the Western league this season and was the winning twirler of that league.

The report, a detailed one, of the world's championship game between the Giants and Red Sox at Boston tomorrow, will be received between innings by President Gableman, who has spared no expense to give the patrons of tomorrow's game more than value received. The reports will be read by some loud-lunged, clear enunciating fellow, and it will be a rare treat to see the Pittsburg players show their enthusiasm. Most of them, of course, will root for the Giants to win.

The game will start promptly at 2:30 o'clock, and the regular schedule of prices will prevail.

Let a large crowd turn out—two games for one admission.

OWLS FORMED BOWLING LEAGUE

The Owls' Bowling league has been formed. There will be four teams in the league. The teams are the Burrs, the Lamberts, the Dittes and the Kreels.

The Burr team will be composed of Burr, captain; Griffin, Burr, Thornton, Shields as regulars; Gee and Knoel, subs.

The Lamberts: Lambert, captain; Gill, Smith, Newman, Rankin, regulars; Brown and Crabtree, subs.

The Dittes: Ditty, captain; Miller, Mason, Schroeder, Micklethwaite, as regulars; Dawson and Meyers, subs.

The Kreels: Krell, captain; Bickel, Schreiber, McGlain, Kerns, as regulars; Kelley and Stewart, subs.

The Burrs and Lamberts will bowl Thursday night at Ye Old Mill alleys.

BOWLING LEAGUE OPENS, POOR SCORES WERE MADE

Poor scores marked the opening of the Peerless Bowling league that started in full blast on the three alleys of Portsmouth Monday evening.

Only one score of 200 was hung up and that was the product of the Steel Plant boys at Ye Old Mill alleys, who captured all three games from the Eagles.

At the Play House alleys the Columbians triumphed over the Don't Worries by taking three in a row, although the scores of the victors were away below par.

Hansen's Five took two out of three from the Cory Comers at Distel's alleys, but are not at all proud of their totals.

Not a single player in the league made as many as 500 pins, which shows their lack practice. They shot away at the pins and of course got some gaires. As soon as the boys get their joints limbered up they will make up for their poor showing of last night.

Every alley had the S. R. O. sign out, which indicates that interest was at fever heat. The six remaining teams will be out in force Friday night.

The scores:

HOW WE MIGHT COVER THE WORLD'S SERIES.

Having an eye upon the wide interest in the world's series this particular department announces that it takes real pleasure in printing the list of illustrious ones who will write expert opinions of the world's series games for this department only. No other paper on earth can boast of such a glittering array of the literati and their monickers are housed in names throughout the warp and woof of civilization. Here's the batting list:

Sister Pankhurst.
Doc Cook.
Lieutenant Becker (inside stuff).
Bill Hays.
Conan Doyle.
Barney Oldfield.
Rose Pitnof.
Professor Ehrlich.
Joe Walcott.

We take great pride in presenting this glittering galaxy of contributors, and our readers can be assured that if anything gets by this bunch it will be of a nature not worth giving the news eye to as it passes. Of course, we really haven't got 'em, but we refuse to be outstripped in enterprise, so long as longevity was to be.

But we have Pete and are satisfied.

Josh Devore Great Lover Of Diamonds

New York, Oct. 8—It seems that Josh Devore, who stands around in the left field for the Giants until it comes time to clout the ball, has developed a small-time passion for diamonds.

Casually the big leaguer works through that craving for shiny gems shortly after he leaves the bushes. The old-timer in the large circuit can be identified by a worried expression, by a disinclination to let a baseball off the field, and by the fact that he does not call attention to the size, condition and complexion of his hands by hanging lamps on every few fingers.

"All that," said one of Devore's friends, "he can afford diamonds, if he wants to. He'll have a share in the world's series, and that will not be less than $4,000 to the man. It will be more profitable to play in Boston than it was in Philadelphia last year."

Mr. Devore's taste is simple and unashamed. All he asks of a diamond is that it shall be as large as possible and possessed of an unwinking brilliancy, like that of the open door of an iron furnace near Pittsburg on a dark night. His completely knuckled hands are hung about with gems, and his vest flashes as he moves. Only the pain has kept him from having his ears pierced.

The other day, it is said, he fell into the hands of Diamond John, the jewel huckster. John had a stone that he had picked up at a pawnbroker's sale. It was about four inches by six, and contained samples of all the known precious stones. "Here," said Diamond John, honestly, "is somethin' nice for your scarf, Josh."

Mr. Devore inspected it gravely. "That would be a grand piece of junk to keep your chin up with, John," he decided, "but ain't you afraid some folks might call it loud?"

Walter Johnson Pitched Ball That Travels 122 Ft. Per Second

Bridgeport, Conn., Oct. 8—Two of the greatest pitchers in the world, Walter Johnson, the premier slab artist of the Washington Americans, and Nap Rucker, the peerless southpaw of the Brooklyns, had a speed test yesterday morning in the test room of the Remington Arms, U. M. C., in this city. The two noted boxmen threw a regular league ball at the target of the plate, with Johnson recording the best speed.

The "white hope" of Griffith's team shot the sphere through the air at the rate of 122 feet a second. But this was not Johnson's maximum speed, as he was not warmed up, and threw the ball with his street clothes on. Rucker's best velocity was 113 feet per second.

There has been so much discussion about Johnson's great speed that F. C. Lane, of the Baseball Magazine, arranged with Manager Dahlen and Manager Griffith to let their stars take a morning off and make the trip to Bridgeport, where the Remington company have an electrical apparatus to test the speed of their rifle bullets.

The pitchers had to make the trip in the morning, as both had to be back in time for the afternoon's games. Rucker was up bright and early and met Johnson. Lane joined them, and accompanied by a reporter, the party sped to Bridgeport in an auto.

The two stars were then taken into the test room of the Remington company. Off went the hats and coats of Johnson and Rucker and they began to "warm up." Seventy-five thousand dollars' worth of pitching material were tossing the ball to one another. Neither put his full strength behind the ball, as they were without shoes.

Then the two took turns at throwing the ball against the steel plate of the electrical recording machine. Nap was the first to take a shot at the plate. The ball left his hand with terrific force and bounded back like a flash. Then Johnson let one fly. The ball failed to hit the plate but caromed off the corner of the wooden wall with a crash. By this time things were in readiness for the test.

The pitchers had to fire the ball through a frame of wood about two feet square. Running from top to bottom were two fine copper wires. These wires are first broken and record the time the ball leaves the wooden frame. Five yards away is a steel plate. This records the time the ball lands.

Johnson may have good control on a ball field, but the two wires proved a problem to him at first. He had to throw the ball five times before he could break one of the wires. His first throw was calculated at 120 feet per second.

Nap thought it was a cinch to break the wires, but he found the difficulty after his first try. The trouble was that he let go the ball before completing a full swing. This caused the sphere to go through the wooden frame about three inches from the outside wire. Nap took his second chance but failed. On the third attempt he smashed the wires and the meter recorded 109 feet per second.

Johnson shifted his position for the second try and caught the wire with just right for the wire. But Walter missed again and had to try three times before he was able to record his throw. This throw was one foot a second faster than his first.

Rucker then had his second test and his speed was also faster. The record for Nap's second attempt was 109 feet per second. Then Rucker tried a curve ball but this proved too slow to record.

In his last try Johnson made his best record, 122 feet a second. Rucker also had another chance and he increased his speed by four feet, the ball traveling through the air at the rate of 113 feet a second.

After the test Rucker said that Johnson had not thrown at his full speed and that if he had he could have thrown over 150 feet a second.

The speed for the new Government Colt 45-calibre automatic revolver is 800 feet per second. A high power hunting rifle, 45-calibre, with ball, has a velocity of 2000 feet per second.

After the throwing contest the two star pitchers had a hurried lunch and then were rushed back to New York.

BIG HORSE RACE ON WEST SIDE

Unless the owners of both horses relent, there is going to be a speed event between said horses, "Brown Joe" and Tom Calvert's "Solomon Joe" one of these many days.

The two owners met Monday and began bantering each other as to the speed of their respective horses. Both of which can step some. Finally they agreed to settle the question by a one-mile race on the west side, the loser to pay for a big oyster supper with all the trimmings.

No doubt a large crowd will be present when the event comes off. Dr. Jos. S. Lake will be official starter, while Howard Harsha will hold the stop watch.

World's Series Will Break Existing Tie

Boston, Oct. 8—This year's world's series will be particularly interesting because it will break a tie that now exists between the two major leagues in the blue ribbon event. Since the two leagues began to clash in 1903 each league has produced four winners. Following are the world's series winners and losers since 1903:

Year. Winner.	Loser.	Result.
1903—Boston A.	vs. Pittsburg N.	5-3
1904—No series.		
1905—N. York N.	vs. Phila. A.	4-1
1906—Chicago A.	vs. Chicago N.	4-2
1907—Chicago N.	vs. Detroit A.	4-0
1908—Chicago N.	vs. Detroit A.	4-1
1909—Pittsb'g N.	vs. Detroit A.	4-3
1910—Phila. A.	vs. Chicago N.	4-1
1911—Phila. A.	vs. N. York N.	4-2

In the eight years 47 games were played and the two leagues divided them almost evenly, the National league taking 24 games to 23 for the junior organization, one game having been a tie.

It will be noted that the Giants and Red Sox have each won a world's championship. The Red Sox won the first series played between the two leagues, the only series of the eight that was not played under the jurisdiction of the national commission. Jake Stahl is the only member of the 1903 Boston world's champions still in the big league, though Jake did not get into that series. He was then a raw catcher just out of college.

Board Of Health Plans For A Healthier City

The principal matters considered by the board of health at its regular meeting Monday night were the present diphtheria epidemic and the proposed garbage disposal plant.

It was declared that while the epidemic is abating somewhat, that it was extremely serious, and that the only way to control and stop the spread of the disease was to more rigidly enforce sanitary and quarantine regulations. The chief cause of the present epidemic, it was pointed out, resulted from mild cases which have not been recognized and permitted to run loose.

As an extra precaution to prevent the malady in the schools the board instructed the health officer and sanitary policeman to allow no child to attend school until twenty days after being discharged by a physician or ten days after being fumigated.

City Physician Dr. Charles Wendelken was of the opinion that the present method of fumigation was not thorough enough and advised the use of formaldehyde instead of candles. Health Officer Dr. McKerrihan declared that the process of fumigation now employed here was much of a farce without other precautions in the way of sanitary measures, which he pointed out.

On account of his increased duties resulting from the present diphtheria epidemic the board offered to provide Sanitary Officer Frank Switalski with help, but he declined to accept the proffered assistance, declaring that he could handle the work if it becomes no heavier. He was allowed $5.00 monthly for street car fare, in order that he may get over the city quicker to take care of his increased duties.

C. W. Brown, of the firm of Witmer and Brown, consulting engineers of Buffalo, N. Y., under whose supervision the new local water works plant is being constructed, appeared before the board and gave an interesting talk on the "Sanitary Disposal of Garbage and Refuse."

Mr. Brown introduced a set of plans along with his discussion, in which he recommended the drying of the green garbage in a reduction plant, using the rubbish to dry the green garbage, which he said contains eighty per cent. water. He estimates that this city produces ten tons of garbage daily, which when put through the plant would make two tons of dry material.

This can be sold readily to chemical companies and the revenue from that source would be from six to eight dollars per day, or five dollars less than it would take to operate the plant. Mr. Brown stated that the plant would require a building 62 by 40 feet, and that it could be fully equipped for $11,000. Member Linck stated that the officials of the chemical company had offered to operate such a plant provided the city would provide it, and it was decided to confer with the local company and get a proposition from them after going over the matter thoroughly.

Mr. Brown also briefly discussed the new sanitary disposal sewerage system as proposed by council. He declared that it was important that a new system be installed as the government will likely stop the polluting of the river after the dams have been put in.

Dr. R. O. LeBaron, who presided over the meeting in the absence of the president, Dr. S. P. Fetter, registered a complaint against the odor that he said emits from the chemical plant. The complaint was referred to the health officer and sanitary committee for investigation.

The schedule for September amounting to $408.96 was read and ordered paid.

A bad vault reported on the property of Mrs. Rowe, on Eighth street, near Washington, was declared a nuisance and a resolution was adopted ordering the nuisance abated. Complaint was made of a foul cellar under the building occupied by Brasie's grocery, Eighth and Brown streets, was referred to the health officer for investigation. An alley in the rear of Last's dairy was reported to be in an unsanitary condition. The health officer reported that Mr. Last had agreed to repair the alley, but Mr. Linck contended that the city should make the proper repairs.

The reports of the health officer, sanitary policeman, plumbing inspector and city physician, together with the mortality report were read and placed on file. The reports follow:

Mortality Report—There were 35 deaths during the month of September, divided 18 males and 17 females, of which 33 were white and 2 black. The mortality rate for the month per thousand was 15. Of the 35 deaths, two were caused from diphtheria and the same number from typhoid fever. Of the others five died from zymotic diseases; six from constitutional disenses; seventeen from local diseases and five from violence.

According to the health officer's report there were 181 cases of diphtheria in September, as against 105 cases in August. Other infections and contagious diseases during September included eight cases of scarlet fever and five of typhoid fever. Houses under quarantine during the month totaled 154, while at the present time there are but 87.

The sanitary policeman during the month issued permits for the burial of 18 dogs, 7 horses, 2 cows and 1 hog. Also issued 19 notices to abate nuisances; put 151 houses under quarantine and disinfected 122 houses for contagious disease.

The plumbing inspector inspected 46 new systems and three old ssytems; investigated three complaints; found four defects in new work, and discovered five defects in old work; two vaults disconnected from sewer; 19 buildings connected to sewer.

The city physician made 245 house visits and had 30 office calls, while he had four obstetrical cases and made 25 bacteriological examinations.

CRANE MAN INJURED BY FALL

Charles Brown, an electric crane operator, was injured about the back and bruised up considerably when a 5-ton crane fell 18 feet in the new sheet mill department at the Portsmouth steel plant Monday.

Physicians attended Brown, but it was found he was not seriously hurt, and he was able to come to his home in the city. The crane wasn't damaged much, was soon re-railed and put into service again. The accident was due to Brown's own carelessness in running through an open switch. The crane was not carrying a load at the time.

AGREED TO DISAGREE

Roscoe Guthrie, well known painter, and his wife, Mrs. Phoebe Guthrie, have agreed to disagree, she and their two children leaving for Columbus Tuesday morning to make their future home with relatives there. Guthrie was recently arrested upon complaint of his wife, and the couple decided it best to live apart. He will not be responsible for any debts contracted by her.

Effective Home Remedy for Tuberculosis

It is a serious matter when the lungs are affected. A trip away or to a sanatorium is not only expensive, but it involves separation from home and friends. Some are benefited, but few can safely retired. Eckman's Alterative is effective for home treatment. For example:

231 S. Atlantic Ave., Hadderfield, N. J.

"Gentlemen: In the fall of 1905 I contracted a very severe cold, which settled on my lungs. At last I began to lose appetite, and my physicians then told me I must go to California immediately. At this time I was advised to take Eckman's Alterative. I stayed at home and commenced taking it the last week in October. I began to improve, and the first week in January, 1906, I resumed my regular occupation, having gained 25 pounds, finally moved to Seattle. It is now five years since my recovery has been effected, and I cannot praise Eckman's Alterative too highly. I have recommended it with excellent results." (Signed) W. N. TATEM.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

School Boards Can Issue Bonds

City Solicitor H. Stanley McCall is in receipt of a ruling from Attorney General Hogan concerning the authority of boards of education to borrow money or issue bonds to pay current expenses when the tuition fund is not sufficient to carry the schools through until the next allotment of taxes is received.

The attorney general holds that the board has a perfectly legal right to issue bonds or borrow money to meet all current expenses.

After citing to various sections of the general code, Attorney General Hogan concludes his finding by saying:

"It must first, however, be determined under Section 5658 general code by a resolution of the board of education that the indebtedness is an existing, valid and binding obligation on the school district. In order that the teachers' salaries shall become an existing, valid and binding obligation on the board of education it is necessary that the services be first performed. Having been so performed, I am of the opinion that in order to pay the teacher for such service so performed the board of education is authorized under the provisions of Sections 5656 general code et seq. to borrow money in order to pay said salary."

WOMEN TAKE NOTICE!

A man cannot understand the torture and suffering many women endure uncomplainingly. If the majority of men suffered as much pain and endured with patience the weakening sicknesses that most women do, they would ask for immediate sympathy and look for a quick cure.

Many women have been saved from a life of misery and suffering by turning to the right remedy—Dr. Pierce's Favorite Prescription—a remedy which is safe to take because containing no narcotics, alcohol or injurious ingredients. It is an alterative extract of roots, made with pure glycerin, and first given to the public by that famous specialist in the diseases of women—Dr. R. V. Pierce, of the Invalids' Hotel and Surgical Institute of Buffalo, N. Y.

MRS. HESSHEIMER.

MRS. LILLIE M. HESSHEIMER, of Lincoln, Neb., 529 "C" St., says: "I send a testimonial with much pleasure so that some suffering woman may know the true worth of your remedies. I was a great sufferer from female troubles but after taking one bottle of Dr. Pierce's Favorite Prescription, which a friend advised me to take, I found myself very much improved. After taking three more bottles, and using two boxes of Dr. Pierce's Lotion Tablets, I found myself on the road to recovery. I was in poor health for five years but now I am cured.

"I hope all women suffering from female weakness will give Dr. Pierce's Favorite Prescription a fair trial.

MAD BOAR IS CAPTURED

Officer Jim Dixon succeeded in corralling the big boar which terrorized residents of Mabert Road Monday afternoon. He with the aid of several men, ran the boar into a barn on the Peebles place. The boar attacked a cow belonging to Whit Stamper with its tusks, severely injuring it about the flank, and was just making a mad rush for another cow when Jim hove in sight. It is not known to whom the boar belongs.

Police Get Bids On Overcoats

The police received bids and samples for new winter overcoats Monday evening, but decided to inspect the samples by daylight before reaching any decision. Chief Philipps, Captain Walker and Officer Reno were appointed a committee with power to act.

CLARK GIVEN $150 VERDICT

It required Judge Blair's jury almost five hours to reach a verdict in the case of Vernon L. Clark against William Bender, which was submitted to the court and jury Monday.

Clark sued to recover $360 on an alleged contract and the jury gave him a verdict for $150. Clark last December bought of Bender the latter's blacksmith shop on Third street, together with his good will, on condition, he claimed, that the defendant would stay out of the same business in this city. Clark contended that Bender did not keep his contract, but instead went back into business. Bender claimed he made no such agreement. Edgar G. Millar was the winning attorney, and opposed to him were Attorneys H. T. Bannon and W. J. Meyer.

FORMER LOCAL MEN GIVEN GOOD CHARGES

Rev. and Mrs. J. W. Atkinson, Rev. W. C. Hastings, J. H. Finney, Rev. W. A. Whitmer, of Bonna Vista, returned at midnight, Monday, from the Methodist Episcopal conference, where they have been for the past week.

Rev. Atkinson, pastor of Manly church, will conduct his final services Sunday. He and family will leave for Columbus about the 15th, where they will make their home.

Rev. Atkinson will deliver his first sermon in his new charge, Neil Avenue Methodist Episcopal church Sunday, October 20. The church is located on the corner of Goodale and Neil avenue. There are 450 members in the parish.

Rev. L. I. Hart, former pastor at Neil Avenue, will come to this city on October 15 and 16 and will preach his first sermon at Manly, Sunday, October 20. Mr. and Mrs. Hart have one child, a three-year-old daughter. Mrs. Hart's mother also makes her home with them.

Rev. Hart is a young man, about 40 years of age, and has been a successful preacher in Columbus and elsewhere.

Rev. W. A. Whitmer, of Bonna Vista, was transferred to Wheelersburg and will move his family to that place next week. He will preach his first sermon at Wheelersburg next Sunday. Rev. Mr. Pfaltzgraf, former minister at Sugar Grove, was assigned to Bonna Vista.

Other changes which will be of interest here, are the following:

Rev. Otto Geisen, formerly pastor of the German Methodist church in this city, was assigned to the Madison Avenue M. E. church in Columbus. Rev. Mr. Geisen has been stationed at Worthington for the past two years.

Rev. F. M. Steinhart, a former Portsmouth minister, is returned to the First M. E. church at Athens.

Rev. G. S. Lightner was assigned to Syracuse.

Rev. Frank Gilliam goes to Corning.

Rev. E. S. Matheny, formerly pastor of Manly church in this city, is returned to Crooksville.

Rev. J. W. Monger, formerly of Waverly, was transferred to Amanda, in the Lancaster district.

Rev. C. B. Pyle, formerly of Lucasville, was returned to the First church at Lancaster.

Rev. W. C. C. Coryell, also a former Portsmouth minister, goes back to Logan for the coming year.

Rev. John C. Jackson, formerly pastor of the Bigelow church, is returned to London.

Old Offenders Are Sent To Workhouse

Workhouse sentences were meted out to two regular offenders by Mayor Tynes Tuesday morning in a determined effort to break up the practice of certain men acting indecent when drunk.

Tilden Skaggs, a painter, of Grant street, denied that he was drunk or had forced his attentions upon Cecil, 14-year-old daughter of Mrs. Cora Copenhaver, of No. 1219 Gay street, but Mayor Tynes had personally noticed his condition when he was brought in Monday night and the child told a straightforward story. She was on her way home from school when a man stopped to talk to her in front of the Lyric theatre. He followed her all the way out to Tracy park, stopping her at frequent intervals. He asked her to return to the park after taking her school books home. She told him her mother would not permit her to do so, when he admonished her not to tell her mother. She again told him her mother had forbidden her to speak to strangers and at that hurried away. Later her mother sent her down town to pay a gas bill. She was again accosted by a stranger who followed her and little sister to the gas office. There her sister began crying for fear that the man was going to harm them. Cashier William Rhodes saw the two safely past the man. When they reached home Cecil told her mother all and the latter started on a hunt of the unknown. She failed to find him, but Officers Albrecht and Leslie found Skaggs at Eleventh and Gay streets and arrested him. He was identified by the girl.

Skaggs, who is married, had been in court several times before for neighborhood rows and last time was given a 30 day suspended workhouse sentence for abusing his family. Mayor Tynes ordered this sentence put into effect.

William "Sug" Barber, a street repairer and familiar figure in police circles, vainly pleaded for another chance and also got 30 days in the works for practicing one of his favorite stunts when drunk.

Barber boldly walked into the home of Mrs. Thompson, of No. 414 Gallia street, late Monday night, and going upstairs, went to bed. He has been on a spree since the middle of August. Until then he had been working for the city.

Ike Horston presented a rather battered-up appearance with his head swathed in bandages and his shirt front covered with blood stains. He had tried to start a row in Dick Thornton's saloon and when he refused to heed warnings to leave, was ejected. He retaliated by throwing a brick through the front of the saloon, smashing the screen, mirror and peanut machine. Houston was fined $10 and given a 30-day workhouse sentence, which was suspended on condition that he pay the fine and make good Thornton's damage which Dick estimated at $11.

Mr. Jas. V. Churchill, 20 Wall St., Auburn, N. Y., has been bothered with serious kidney and bladder trouble ever since he left the army, and says "I decided to try Foley Kidney Pills as they had cured so many people and I soon found they were just the thing. My kidneys and bladder are again in a healthy condition. I gladly recommend them." Many an old soldier has never recovered the effects of army life. Foley Kidney Pills are tonic in action, quick in results. The genuine in a yellow package. Sold by Fisher & Streich, Sixth and Chillicothe streets.

Vapor Treatment for Catarrh Colds And Coughs

The HYOMEI vapor treatment is especially recommended in stubborn cases of chronic catarrh of long standing, but remember that the inhaler should be used daily as usual.

This treatment only takes a few minutes' time before going to bed. Pour a scant teaspoonful of Booth's HYOMEI into a kitchen bowl of boiling water, cover head and bowl with towel and breathe for several minutes the vapor that arises.

You will be surprised at the results of this treatment; it makes the head feel fine and clear.

This method is also used to break up the worst cold in the head over night.

A bottle of Booth's HYOMEI (pronounce it High-o-me) costs 50 cents at Worster Bros. and druggists everywhere. Complete outfit, which includes the little pocket inhaler, $1.00.

No stomach dosing; just breathe it is guaranteed to end catarrh and all diseases of the breathing organs. Booth's HYOMEI (pronounced High-o-me) is Australian Eucalyptus combined with Listerian Antiseptics, that destroy catarrh germs and soothe and heal the sore membrane.

NOSTRIOLA TREATMENT IS SURELY FINE FOR COLDS AND CATARRH

This Simple, Sensible Treatment Cures Colds, Croup, Catarrh, Sore Throat, Hay Fever Etc.

The Nostriola Treatment is having remarkable success in curing Colds, Croup, Catarrh, Hay Fever, etc. This remedy is perfectly harmless, is easily applied and so simple and sensible that it appeals to everyone.

Nostriola is a pleasant, antiseptic, cleansing, healing balm, quickly reaches and heals the sore, inflamed linings of the air passages, and there is no waiting for results. It is fine for croupy children.

The nostrils and air passages are the breeding places for the Catarrh and Hay Fever germ. The Nostriola treatment kills the germ, stops the dropping of the catarrhal poison into the stomach, and a few applications will show surprising results.

Colds lead to Catarrh, Hay Fever, etc., and even a slight cold should never be neglected.

If Catarrh has already developed, certainly start the Nostriola Treatment right away, and rid yourself of this distressing ailment.

You get a large tube of Nostriola containing sixty days' treatment for 25c. Buy a tube today and you'll wish you had tried Nostriola sooner.

Federated Trades Met N. & W. Officials

Roanoke, Va., Oct. 7—The Federated Trades of the Norfolk & Western system, including practically all of the labor employed in every capacity in all of the shops and yards of the road are now in conference with the railroad officials, through their general committee, with the view of making a new yearly wage contract and securing a code of rules governing the working conditions under which many thousands of men labor daily for this great corporation.

The committee met with Superintendent of Motive Power Lewis and his assistant, Mr. Kearney, yesterday and today in the committee room of the shop offices. Reports from the conference so far indicate that everything is harmonious, and no trouble is anticipated over an amicable settlement.

The members of the committee feel that since settlements with various other departments of the road service have resulted in material increases in wages, that they are reasonably certain to be granted a substantial raise.

It is certain that the work of the conference will not be completed today, and it is probable that it will require several days of next week before all matters are settled satisfactorily to all concerned.

The general committee of the federated trades is composed of the following gentlemen: F. K. Humphries, Roanoke, general chairman; W. L. Scott, Roanoke, representing the blacksmiths; W. R. Tinsley, Roanoke, representing the carmen; Fred Miller, Portsmouth, O., the boilermakers; Maurice Fitzgerald, Roanoke, the moulders; J. L. Allen, Roanoke, the painters; W. M. Carr, Roanoke, the sheet metal workers; W. W. Hankins, Crewe, the boilers; J. T. Connors, Roanoke, the plumbers and pipe fitters.

It is learned from a most authoritative source that the biggest bone of contention between the general committee of the federated trades and the officials of the Norfolk and Western is the amount of increase in the wage scale that is being asked for.

Some five or six thousand men are involved over the entire system. Of course the larger percentage of these are in Roanoke. The increase which the men hope to receive in all of the departments is a straight raise of three cents per hour. In the nine departments of labor represented by the federated trades the men are paid by the hour, unless in some instances they do what is known as "piece work."

A gentleman who is in close touch with the situation speaks in the highest praise of the treatment always accorded the representatives of the trades unions by the high officials of the road. In speaking of the matter he declared that working conditions on the Norfolk and Western are far above the average. "In fact," he said, "they are almost ideal and but little improvement, if any, can be made in the conditions under which the men labor.

He declared that their representatives had never yet gone before the officials, or met the management, stating their grievances, without receiving a just compensation, when conditions would justify it, especially as compared with other southern roads within a radius of 500 miles of Roanoke.

It is claimed by the representatives of the federated trades that wages on the Norfolk and Western are slightly below the wage rate paid by other roads at this time, and the 2,500 men involved in Roanoke are of the opinion that living expenses in Roanoke are a little higher than elsewhere.

The general committe is still in conference wil hthe superintendent of motive power and his assistants. It i sbelieved that they wil have matters in shape to treat with Mr. Maher by Tuesday or Wednesday. The shop men are confident that they will receive the same fair and equitable treatment accorded to other men in the service of the railroad, and other organizations with which settlements have been reached. They do not consider that their demands are unjust considering the increased cost of living expenses, and the further fact that the affairs of the Norfolk and Western show a steady increase in business and revenues.

GLAD TO HEAR BRADLEY IS COMING

Hon. William H. Bradley, former governor, now U. S. senator from Kentucky, will deliver one of the principal addresses of the local campaign at the Grand Opera house next Monday night.

The message telling of Bradley's coming was received with shouts of delight at Taft headquarters, for it was realized that the great orator that he is, Bradley is sure to attract an immense crowd and arouse great enthusiasm.

Committees will at once get down to work preparing a program for the Bradley meeting and look after the detailed arrangements.

The Danger After Grip

lies often in a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore to health and good spirits after an attack of Grip. If suffering, try them. Only 50 cents. Leave For Races

Frank Wigham, John Dice, Sr., Freddie Deerr, Thomas Hall, William Zortman and Dr. J. S. Lake left Tuesday morning for Lexington, where they will witness the light harness racing that opened there Monday. It is one of the biggest race meets in the country, and all the fast steppers will be there. Other horse fanciers expect to leave for Lexington this evening.

Mr. M'Cray Buys Home

H. M. M'Cray, one of the experts in the office of the Portsmouth Steel Company, who recently moved his family to this city, has purchased one of the Mercer & Pearl Brick Bungalos on Tremont avenue. The consideration was $5,000.

Mr. M'Cray owns a fine home in Woodlawn, but expects to dispose of it shortly. He was compelled to purchase a home here, because he could not find one that was for rent. He states that he never saw a city the size of Portsmouth where so few houses were for rent, which speaks well for the prosperity of the Peerless City.

Buys House In Tonawanda

Dr. F. M. Stewart, of Scioto ville, has sold a house and lot in Tonawanda to J. P. Johnson. Mr. Johnson expects to occupy the residence.

SAVED FROM AN OPERATION

How Mrs. Reed of Peoria, Ill., Escaped The Surgeon's Knife.

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's Vegetable Compound has done for me. For two years I suffered. The doctor said I had a tumor and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a well and healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. I am glad to tell anyone what your medicines have done for me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mound St., Peoria, Ill.

Mrs. Lynch Also Avoided Operation.

Jessup, Pa.—"After the birth of my fourth child, I had severe organic inflammation. I would have such terrible pains that it did not seem as though I could stand it. This kept up for three long months, until two doctors decided that an operation was needed.

"Then one of my friends recommended Lydia E. Pinkham's Vegetable Compound and after taking it for two months I was a well woman."—Mrs. JOSEPH A. LYNCH, Jessup, Pa.

Women who suffer from female ills should try Lydia E. Pinkham's Vegetable Compound, one of the most successful remedies the world has ever known, before submitting to a surgical operation.

SIGNAL LIGHTS ARE BROKEN ON PIKE

Officials are on the lookout for the miscreants who broke several of the lanterns tabt were stationed as signal warning by Kaps Bros., who have the contract for paving Chillicothe street. Seven globes were broken in one night, and a serious accident might have occurred as the lights were all out. The glass was shattered to the sides of the road bed and auto tires have suffered as a consequence. If the miscreants who did the devilment can be apprehended they will be dealt with severely.

RILEY WEEK AT LIBRARY

Miss Nana Newton, librarian of the Public Library, has fitted up a section of the library in honor of the birthday of James Whitcomb Riley. The works of this noted poet are arranged in this section, and sketches of his life, with pictures of his birth-place and home are shown. Miss Newton will keep the section arranged as it is until Saturday, and she is anxious for all visitors to visit it and honor the great poet.

The "Done-Up" Shirt Waist

Half the looks of a shirt waist depend on the way it is done up. If it is washed with cheap, strong, yellow soap, so that it gets streaked and stained instead of being cleaned and beautified, it is "done up" sure enough. The woman who values her personal appearance—and that means every woman—will see to it that her shirt waists are laundried with a soap that leaves them white and clean and sweet and the only one that will do this. Same price as others—five cents a cake, and the greatest enemy to dirt and friend to fabrics ever made.

MRS. MILLER IS BETTER

Columbus, O., Oct. 5—The condition of Mrs. Ella Miller, wife of Rev. L. W. Miller, of Shepard, who fractured her skull Tuesday by falling from a street car while on her way to attend the wedding of her niece, Miss Gay Miller, to Mr. Chester Spencer, of Portsmouth, was said yesterday to be much improved. She is at Grant hospital.

Caught Big Pike.

Will Boss and Jim Kelly returned Sunday night from Tobe Moler's camp with an eight pound pike fish.

LABOR NEWS

The Machinists' committee for the Thanksgiving ball have commenced work, and judging from the interest and ability of the members in charge this year, there is every indication of complete success. The members of said committee are as follows: Walter Kagle, John Rhoades and Roy Gable.

Two Union Men Nominated.

Denver, Oct. 8.—In the primaries recently held in this state to nominate candidates for United States Senator, Congressmen and state officials, two union men weer nominated for prominent offices. Roady Kenehan, for many years the secretary-treasurer of the International Union of Journeymen Horse Shoers, was nominated on the Democratic ticket for State Auditor. Roady has held a state office for six years. Edward Keeting, formerly a proofreader on the Rocky Mountain News, and a member of the Typographical Union, has been nominated for Congress on the Democratic ticket.

To Amalgamate Tailors.

London, Oct. 8.—Arrangements are to be made to commence a campaign for the purpose of amalgamating all of the unions connected with the tailoring and clothiers' trade under the title of the United Garment Workers' Union. There are at present some twenty separate societies dealing with various sections of this industry. Under the auspices of the General Federation of Trade Unions a conference has been held at Nottingham, the result of which was the appointment of a committee to draw up a scheme and rules for the proposed amalgamation.

Raise For Street Carmen.

Detroit, Oct. 8.—Division 594, Amalgamated Association of Street and electric Railway employes at Springfield, O., a local recently organized, has secured an agreement increasing the schedule of wages 1 cent and 2 cents per hour. This agreement will bring to the 130 motormen and conductors in that city an additional wage aggregating $5,500 per year. Organizer John Rich, of the American Federation of Labor, was largely responsible in effecting the organization of the new local and securing the wage settlement.

New Wireless Rules.

Washington, Oct. 8.—New regulations for carrying out the law requiring certain wireless equipment on ocean and lake vessels were issued by the Department of Commerce and Labor recently. They establish administrative districts in charge of radio inspectors at Boston, New York, Baltimore, Savannah, New Orleans, San Francisco, Seattle, Cleveland and Chicago. The regulations place the radio service on all ships under the supreme authority of the master, who must keep one operator on duty at all times.

Leather Workers.

Kansas City, Oct. 8.—President W. E. Bryan of the Brotherhood of Leather Workers on Horse Goods, states that business is improving generally and has been conducive to increasing the membership of the organization. More new members were secured during the month of August than in any one month during the past two years, and the ratio for September exceeds that of the preceding month. New label shops have been added and the members are pursuing organization work with renewed vigor.

SAFE REMEDY ENDS CATARRH MISERIES

Gives Instant Relief, Cures and Prevents Catarrh and Cold in the Head.

The quickest, best and safest way to cure catarrh or a cold in the head is by using a remedy that will "touch the spot" and do its work quickly without leaving any bad effects. Ely's Cream Balm, which is applied to the nostrils or rubbed on the throat or chest gets right at the root of the trouble and instantly relieves even the worst case of catarrh or cold. A few minutes after applied you can feel a loosening up in the head, the pain and soreness are gone, the sense of taste, smell and hearing come back, and you feel like a different person.

Ely's Cream Balm cleanses, heals and strengthens the inflamed membranes, takes away that stuffed up feeling and dull pain in the head, relieves the throat soreness and stops the nasty discharge which is the cause of the disgusting hawking, spitting, blowing of the nose, and foul breath. Hay fever victims who are made miserable by fits of sneezing, coughing and wheezing get instant and permanent relief by the use of this simple remedy.

Don't suffer another minute. Ely's Cream Balm will relieve you immediately, and a 50 cent bottle will more than likely work a complete cure. All druggists sell it.
